FACILITIES REPORT

October 30, 2014

Mr. Matthew Cesario, Chairperson

BOARD ACTION REQUESTED

I. MODIFICATIONS TO AT&T LEASE AGREEMENT

It is recommended that the Board approve the *Option and Building Lease Agreement* between the Keystone Oaks School District and New Cingular Wireless PCS, LLC to perform site modification work on its communications facility located at 1000 Kelton Avenue, Pittsburgh, PA 15216.

For Information Only

The work will consist of reconfiguring the existing antenna array, with support radio units, antenna amplifiers, surge suppressors, and coaxial cabling. While the work entails the replacement of existing items of equipment and the addition of new items, the work is typical routine maintenance that is completed by the company, as was indicated by the representative. There are currently nine antennas on the roof; three of the antennas will be removed and six new models will be installed. This will give a total of twelve antennas on the roof. The mounting sleds that are currently on the roof will remain and will be able to handle the equipment. Information has been provided to Mr. Brungo, District Solicitor, for his review of the work that is to be completed. Since the initiation of the Lease Agreement back on September 18, 1998, with Pittsburgh Cellular Telephone Company, which is now a part of AT&T, there have been a number of times where maintenance upgrades have taken place, with the last occurring in February 2012.

II. CAFETERIA TABLES AND CHAIRS

It is recommended that the Board approve P.E.M.C.O. to provide the District with thirty (30) mobile cafeteria tables at a cost not to exceed \$14,970.00 and two-hundred (200) stack chairs at a cost not to exceed \$11,950.00.

After the auction period has expired, the district shall grant in writing withdrawal of a bid when the bidder requests relief and presents credible evidence of a clerical mistake due to reasons permitted by law, within the time period established by the District.

The contract shall be awarded within sixty (60) days of the auction by written notice to the lowest responsible bidder, or all bids may be rejected. Extensions of the award date may be written, upon mutual consent of both parties.

| Section 1 | <p><u>Purpose</u></p> <p>The Board recognizes the need to implement the required accounting and financial reporting standards stipulated by the Pennsylvania Department of Education.</p> <p>The primary objectives of implementing the GASB Statement 34 are to assure compliance with state requirements, and properly account for both the financial and economic resources of the district.</p> | |
| Section 2 | <p><u>Authority</u></p> <p>Participation of the school district in any such activity shall be in accordance with Board policy and the Governmental Accounting Standards Board, Statement Number 34.</p> | SC 218, 613 |
| Section 3 | <p><u>Delegation of Responsibility</u></p> <p>The responsibility to coordinate the compilation and preparation of all information necessary to implement this policy is delegated to the Director of Fiscal Services or his/her designee.</p> <p>The designated individual shall be responsible for implementing the necessary procedures to establish and maintain a fixed asset inventory, including depreciation schedules. Depreciation shall be directly reported to the appropriate Fund-Function account code, when applicable. Depreciation that cannot be directly reported may be allocated using generally accepted and approved methods of allocation (i.e. percentage of square</p> | |

**POLICY NO. 622

footage, percentage of time used/occupied, etc.) if possible. Any remaining depreciation may be recorded as unallocated. Depreciation shall be computed on a straight-line basis over the useful lives of the assets, using an averaging convention. Normal maintenance and repairs shall be charged to expense as incurred; major renewals and betterments that materially extend the life or increase the value of the asset shall be capitalized. A schedule of accumulated depreciation shall be consistent from year to year.

The Director of Fiscal Services or his/her designee shall prepare the required Management Discussion and Analysis (MD&A). The MD&A shall be in the form required by GASB Statement Number 34.

The school district's independent auditors shall review the MD&A, in accordance with SAS No. 52, "Required Supplementary Information."

Section 4

Guidelines

In order to associate debt with acquired assets and to avoid net asset deficits, any asset that has been acquired with debt proceeds shall be capitalized, regardless of the cost of the asset. The asset life of these assets shall be considered relative to the time of the respective debt amortizations.

For all other assets not acquired by debt proceeds, the dollar value of any single item for inclusion in the fixed assets accounts shall be not less than \$5,000.

Depreciable capital assets are non-consumable material purchases with a life expectancy of greater than one (1) year. The actual useful life will be based upon specific utilization. Items may be grouped by year of acquisition and include: buildings, building improvements, portable classrooms, vehicles, leasehold improvements, technology, audiovisual equipment, kitchen equipment, athletic equipment, musical instruments, library books, maintenance and grounds equipment, and furniture and fixtures.

Non-depreciable capital assets include: land, land improvements (cost incurred to ready land for its intended use

**POLICY NO. 622
GASB STATEMENT 34**

and that does not lose its value such as excavation, fill grading, landscaping, etc.), construction-in-progress, easements, rights of way, historical treasures, and works of art.

Infrastructure assets are long-lived capital assets that normally can be preserved for a significantly greater number of years than most capital assets. Infrastructure assets are normally stationary in nature, such as roads and bridges. Buildings, except those that are an ancillary part of a network of infrastructure assets, should not be considered infrastructure assets. Other examples of non-infrastructure assets that are incidental to a school's property include: fencing, retaining walls, irrigation systems, athletic courts, fields and tracks, private use sewer facilities and water lines, area lighting, drives, parking lots, sidewalks, curbs, and gutters.

Management should consider, in conjunction with the local auditor, the use of salvage value on those capitalized assets that have a resale value at the end of their useful life.

All capitalized assets shall be recorded at historical cost at acquisition date. For any asset acquired prior to the date of initial inventory, historical cost will be established based on replacement cost indexed backwards to the date of acquisition. These estimates will be performed by an authorized outside agency or Board-authorized valuation firm.

Capital assets that are sold or disposed of will be removed from the District's inventory tracking database. Depreciation will be calculated and recorded to the date of sale or disposition. Resulting differences in proceeds/deficits will be recorded as a Gain/Loss, respectively, on the sale or disposition of the asset.

Donated assets, gifts of property, shall be recorded at fair market value at the time of receipt.

Assets that fall below the capitalization threshold for GASB 34 reporting purposes may still be significant for insurance, warranty service, and obsolescence/replacement policy tracking purposes. The District may record and maintain these non-GASB 34 asset inventories in subsidiary ledgers.

2. **Restricted** – that portion of the fund balance that is constrained to be used for a specific purpose as per an external party or law.
3. **Committed** – that portion of the balance that is to be used for a specific purpose as per a School Board motion. These constraints can be removed or changed by equal level action.

Section 4

Guidelines

The school district will strive to maintain an unassigned general fund balance of not less than five percent (5%) and not more than eight percent (8%) of the budgeted expenditures for that fiscal year.

The total fund balance, consisting of several portions including committed, assigned, and unassigned, may exceed eight percent (8%).

Unassigned Fund Balance should not be utilized as a revenue source to offset current operating expenditures. Interest income generated by the maintenance of a Fund Balance will be used to balance the General (Operating) Fund budget and to offset fluctuation in tax revenues needed to maintain ongoing programs and services.

At the end of each fiscal year, unassigned funds in excess of eight percent (8%) of budgeted expenditures, as certified by the local auditors of the school district, shall be transferred to the Capital Reserve Fund of the school district or such other reserve

If the unassigned portion of the fund balance falls below the threshold of five percent (5%), the Board will pursue variations of increasing revenues and decreasing expenditures, or a combination of both until five percent (5%) is attained. If the unassigned portion of the fund balance exceeds eight percent (8%) of budgeted expenditures, the Board may utilize a portion of the fund balance by appropriating excess funds for nonrecurring expenditures only.

The Superintendent or designee shall be responsible for the enforcement of this policy.
