- I. Community Service Discussion – Committee members shared ideas and suggestions for the Community Service program. Mr. Kushak and Dr. Varley recommend moving this to 60 hours (half credit) and will create a guidebook for the Committee’s review. New career requirements may offset the other half credit
- II. Strings Program – The District will survey students in grades 3-5 to gauge interest, while a budget is prepared. Students will need to have their own instruments. MS Chorus is also a high priority.
