

# KEYSTONE OAKS HIGH SCHOOL STUDENT MENTOR PROGRAM

## PARENT/GUARDIAN CONSENT FOR STUDENT PARTICIPATION

Dear Parent/Caregiver,

The Keystone Oaks Mentoring Program provides our students with additional support to help them do their very best at school and successfully make the transition from the middle school to the high school. Mentoring is an effective strategy to help children make positive choices, stay on track in school and avoid negative behaviors.

At the end of 8<sup>th</sup> grade, your child will be assigned a mentor from the Junior class. The mentors were chosen through a specific selection process. They were required to meet the GPA criteria, supply three teacher recommendations and be a member of at least one extracurricular activity.

Mentors will meet with the upcoming freshman class during the school day in order to participate in a variety of positive activities. These activities will take place on school grounds during the school year. We are asking that the mentor and mentee exchange phone numbers so they can stay in contact throughout the summer, and up-coming school year.

Thank you and we look forward to meeting your child. Please feel free to contact any member of the Mentoring Committee should you have any questions.
