4. Guidelines

Community Activities Involving Students

The Board recognizes the social and scholastic values that may be derived from student participation in various activities sponsored by community organizations, but specifies the guidelines to prevent unreasonable demands on the time and energies of students and staff.

Requests for student participation in community-sponsored activities must be made in writing to the Superintendent.

The participating students may not leave the School District unless the Board policy for field trips has been complied with, the Board has granted special permission and parents have granted their permission.

Fund-Raising

Fund-raising by outside groups or faculty is prohibited on school property or in the name of the school.

Any staff member wishing to solicit funds on school property or in the name of the District must receive permission to do so from the Superintendent.

Funds solicited for special purposes are not to be commingled with any regular or special accounts of the District.

This policy does not apply to the raising of funds for District-sponsored activities.

The type of scholarship or prize, and any restrictions pertaining thereto, shall be approved by the Board.
