Examples of bullying include, but are not limited to physically, emotionally or mentally harming a student; damaging, extorting or taking a student’s property; placing a student in reasonable fear of physical, emotional or mental harm; placing a student in reasonable fear of damage to or loss of personal property; creating an intimidating or hostile environment that substantially interferes with a student’s education opportunities; or perpetuation of conduct by an individual or group, with the intent to demean, and/or dehumanize a student.

For a juvenile charged with the crime, a diversionary program, which might include an educational program on cyber harassment, would be considered first. Successful completion could lead to the juvenile’s record being expunged.

Section 5
General Procedures Relating to Complaint

Each student shall be advised that the fact that he/she alleges bullying by another student or who reports an incident of bullying will not reflect upon the student's status. If any student believes he or she is being retaliated against for filing a complaint under this policy, or the student's parent believes that his/her child is being retaliated against for filing a complaint under this policy, he or she shall report the retaliations in the same manner as indicated below.

The Principal of the building to which the alleged victim is assigned will investigate all complaints, PROVIDED HOWEVER, that if the complaint alleges that the perpetrator of the bullying is an Administrator or Supervisor employed by the School District and it is alleged that the Administrator or Supervisor encouraged, condoned, or turned a blind eye to the bullying of the alleged student-victim, the Superintendent or his designee shall investigate the complaint.

Section 6
Investigation Procedure

1. Separate interviews of the Complainant and the alleged perpetrator will be conducted and all information will be documented in written form on Form A. Each student may have his or her parent or guardian present during the interview and parental involvement in this process will be encouraged.

If the Building Principal/Superintendent determines that measures are required during the period of investigation to alleviate the potential bullying, such a separation of the alleged victim and the alleged perpetrator or close monitoring of the alleged perpetrator, such measures shall be taken until the investigation is completed.

3. A fact-finding investigation will be conducted and a written record of the fact-finding investigation including witness interviews, findings of the investigation and recommended action shall be set forth on Form B.

4. The results of the fact-finding investigation, including any recommended action will be shared with the Complainant and with the Accused.
