date. Excusal for religious instruction is limited to a total of not more than thirty-six (36) hours per school year.

Repeated infractions of Board policy requiring the attendance of enrolled students may constitute such misconduct and disobedience as to warrant the suspension or expulsion of the student from the regular school program.

1. Students enrolled in special schools conducted by the Allegheny Intermediate Unit or the Department of Education.

The Board may report to appropriate authorities infractions of the law regarding the attendance of students below the age of seventeen. The Board shall issue notice to those parents and guardians who fail to comply with the statutory requirements of compulsory attendance that such infractions of the statute will be prosecuted.

Notice will be issued to the parents/guardians following three (3) days of illegal absence or the equivalent.

The notice remains in effect continuously for the period of compulsory attendance, not merely for the school year when the notice was issued.

No additional notice is necessary throughout the remainder of a student’s school career.

Subsequent illegal absences of one day or the equivalent will be reason to file charges against the parent/guardian and student (age 13-17) with the appropriate local authorities.

For the purposes of this policy, there are four categories of absences: “illegal,” “excused,” “unexcused,” and “disciplinary.” An “illegal” absence is an unexcused absence (not resulting from a disciplinary suspension) of a pupil of compulsory school age, under 17 years of age. An “excused” absence results from illness, quarantine, death in the immediate family, impassable roads, observance of a recognized religious holiday, and professional medical treatment. An “excused” absence may also be an absence approved in advance by the building principal. An “unexcused” absence results from a student age 17 or over absent without parental consent or excuse. A “disciplinary” absence results from...
POLICY NO. 204
ATTENDANCE

Absence results from imposition by the School District of disciplinary measures upon the student that by definition preclude his/her attendance. “Disciplinary” absences do not, however, include absences resulting from the imposition of sanctions upon the student by the criminal or juvenile court system.

Instances of tardiness to school may be aggregated to equal a day of absence.

Parents may seek permission to have a student excused from school to travel or vacation away from home for a maximum of five school days each year. This absence will be marked excused provided:

1. The building principal receives a written request from the parent/guardian prior to the student’s absence asking to have the student excused for the purpose of vacation and travel. This request shall be made at least one (1) week before the absence.

2. Following the principal’s approval, the student will be given a homework completion form that requires his/her teachers’ signatures and prompts the teachers to provide the work that is to be completed during the absence.

3. Upon return to school, the student shall have up to five (5) days to complete and hand in the assigned work. The student is responsible for handing in the homework completion form to the principal’s office. The form is signed by each of his/her teachers verifying the satisfactory completion of all work missed.

4. If the work is not satisfactorily completed within the five (5) day period and/or the homework completion form is not handed into the principal’s office, the absence will be marked as unexcused.

A student who is absent or tardy must by law submit a written excuse from parent(s)/guardian(s) stating the exact reason for the absence or tardy and the exact date of the absences or tardies. If no excuse is submitted, the absence or tardies will be marked as unexcused. Any absences not deemed appropriate by school authorities shall be marked as unexcused.
POLICY NO. 204
ATTENDANCE

Any student who fails to submit a written excuse from a parent/guardian within five (5) school days shall have their absences or tardies marked as unexcused and be subject to discipline action and possible prosecution before the appropriate district magistrate.

This policy applies to district employees, volunteers, student teachers, and independent contractors and their employees who interact with students or are present on school grounds. For purposes of this policy, such individuals are referred to collectively as adults. The term adults as used in this policy, does not include district students who perform services on a volunteer or compensated basis.

All adults shall be expected to maintain professional, moral and ethical relationships with district students that are conducive to an effective, safe learning environment. This policy addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary-blurring behaviors that can lead to more egregious misconduct.

The Board directs that all adults shall be informed of conduct that is prohibited and the disciplinary actions that may be applied for violation of Board policies, administrative regulations, rules and procedures.

This policy is not intended to interfere with appropriate pre-existing personal relationships between adults and students and their families that exist independently of the District or to interfere with participation in civic, religious or other outside organizations that include district students.

2. Exchanging notes, emails or other communications of a personal nature with a student.

3. Giving personal gifts, cards or letters to a student without written approval from the building principal.

4. Touching students without a legitimate educational reason. (Reasons could include the need for assistance when injured, a kindergartner having a toileting accident and requiring assistance, appropriate coaching instruction, or appropriate music instruction).

5. Singling out a particular student or students for personal attention or friendship beyond the ordinary professional adult-student relationship.

6. Taking a student out of class without a legitimate educational reason.

7. Being alone with a student behind closed doors without a legitimate educational reason.

8. Initiating or extending contact with a student beyond the school day or outside of class times without a legitimate educational reason.

9. Sending or accompanying a student on personal errands.

10. Inviting a student to the adult’s home.
11. Going to a student’s home without a legitimate educational reason.

15. Telling a student personal secrets or sharing personal secrets with a student.

16. For adults who are not guidance/counseling staff, psychologists, social workers or other adults with designated responsibilities to counsel students, encouraging students to confide their personal or family problems and/or relationships. electronically, adults shall maintain professional boundaries with students.

Electronic communication with students shall be for legitimate educational reasons only.

When available, district-provided email or other district-provided communication devices shall be used when communicating electronically with students. The use of district-provided email or other district-provided communication devices shall be in accordance with district policies and procedures.

All electronic communications from coaches and advisors to team or club members shall be sent in a single communication to all participating team or club members, except for communications concerning an individual student’s medical or academic privacy matters, in which case the communications will be copied to the building principal. In the case of sports teams under the direction of the Athletic Director, such medical or academic communications shall also be copied to the Athletic Director.

Adults shall not follow or accept requests from current students to be friends or connections on personal accounts on social networking sites and shall not create any networking site for communication with students other than those provided by the District for this purpose, without the prior written approval of the building principal.

Exceptions

An emergency situation or a legitimate educational reason may justify deviation from professional boundaries set out in this policy. The adult shall be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that s/he has maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from the "Romantic and Sexual Relationships" section of this policy.
| POLICY NO. 847 |
| MAINTAINING PROFESSIONAL ADULT/STUDENT BOUNDARIES |

There will be circumstances where personal relationships develop between an adult and a student’s family, e.g. when their children become friends. This policy is not intended to interfere with such relationships or to limit activities that are normally consistent with such relationships. Adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity.

It is understood that many adults are involved in various other roles in the community through non-district-related civic, religious, athletic, scouting or other organizations and programs whose participants may include district students. Such community involvement is commendable, and this policy is not intended to interfere with or restrict an adult’s ability to serve in those roles; however, adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity with regard to all youth with whom they interact in the course of their community involvement.

**Reporting Inappropriate or Suspicious Conduct**

Any person, including a student, who has concerns about or is uncomfortable with a relationship or interaction between an adult and a student, shall immediately notify the Superintendent, principal or other administrator.

All district employees, independent contractors and volunteers who have reasonable cause to suspect that a child is the victim of child abuse, shall immediately report the suspected abuse, in accordance with applicable law, regulations and Board policy.

Any certificated employee who knows of any action, inaction or conduct which constitutes sexual abuse or exploitation or sexual misconduct under the Educator Discipline Act shall report such misconduct to the Pennsylvania Department of Education on the required form, and shall report such misconduct to the Superintendent and his/her immediate supervisor, within fifteen (15) days of discovery of such misconduct.

If the Superintendent or designee reasonably suspects that conduct being reported involves an incident required to be reported under the Child Protective Services Law, the Educator

**Investigation**

Allegations of inappropriate conduct shall be promptly investigated in accordance with the procedures utilized for complaints of harassment.

It is understood that some reports made pursuant to this policy will be based on rumors or misunderstandings; the mere fact that the reported adult is cleared of any wrongdoing shall not result in disciplinary action against the reporter or any witnesses. If as the result of an investigation any individual, including the reported adult, the reporter, or a witness is found to have intentionally provided false information in making the report or during the investigation or hearings related to the report, or if any individual intentionally obstructs the investigation or hearings, this may be addressed as a violation of this policy and other applicable laws, regulations and district policies. Obstruction includes, but is not limited to, violation of “no contact” orders given to the reported adult, attempting to alter or influence witness testimony, and destruction of or hiding evidence.
