# POLICY NO. 203
## COMMUNICABLE DISEASES AND IMMUNIZATION

### Section 1
#### Purpose
In order to safeguard the school community from the spread of certain communicable diseases, including Acquired Immune Deficiency Syndrome (AIDS), the Board requires that established policy and guidelines be followed.

### Section 2
#### Guidelines

**Immunization**

All students shall be immunized against certain diseases in accordance with Pennsylvania law and regulations, unless specifically exempt for religious, strong moral or ethical convictions similar to a religious belief or medical reasons.

- A student who has not been immunized in accordance with state and/or county regulations shall not be admitted to or permitted to attend district schools, unless exempted, or provisionally admitted by the Superintendent.

- A student shall be exempt from immunization requirements whose parent/guardian objects in writing to such immunization on religious grounds, strong moral or ethical convictions similar to a religious belief or whose physician certifies that the student’s physical condition contra-indicates immunization.

- Monitoring of immunization requirements shall be the responsibility of the Superintendent or designee and the building

COMMUNICABLE DISEASES AND IMMUNIZATION

principal.

Health Records

The District shall require that prior to admission to school for the first time that parents/guardians shall complete a medical history report form which shall include information regarding known communicable diseases. The nurse or school physician/nurse practitioner may use such reports to advise the parent of the need for further medical care as set forth in Board policy Policy No. 209.

A comprehensive health record shall be maintained for each student enrolled in the district. The record shall include the results of required tests, measurement, screenings, regular and special examinations, and medical questionnaires.

All health records shall be confidential, and their contents shall be divulged only when necessary for the health of the student or, at the request of the parent/guardian, to a physician or otherwise authorized or required under applicable law.

As part of the health record, a certificate of immunization shall be maintained for each student enrolled as established by the Pennsylvania Department of Health.

The District shall require that the parents/guardians report to the school nurse information regarding known communicable diseases.

The Board shall require that the medical history information submitted with health and dental examinations required under Policy 209 “Health Examinations” be periodically revised to include recent medical advice as to communicable diseases.

Attendance

The following policy shall supplement the Board’s Policy No. 204 regarding student attendance by establishing guidelines for the attendance of students with communicable diseases.

The Board authorizes that students who have been diagnosed by

a physician or who are suspected by the school nurse of having a disease or infectious condition, as described in and defined by regulations issued by the Department of Health, shall be excluded from school for the period indicated by regulations of the Department of Health for certain specified diseases and infectious conditions for such disease or infectious condition. Readmission shall be contingent upon verification by the school nurse or, in the absence of the school nurse, the nurse practitioner, or written verification by the student’s physician, that the criteria for readmission specified in the regulations for the disease or condition in question have been satisfied.

Students who exhibit certain symptoms, as described in Department of Health regulations, shall be excluded from school unless that student is determined by the school nurse or a physician to be non-communicable. A student so excluded shall not be readmitted until the school nurse determines that the student’s condition is not communicable or the student presents a written statement from his or her physician that the student has recovered or is not infectious.

The school nurse shall report the presence of suspected communicable diseases to the appropriate local health authority, as required by the Department of Health.

Education

Instruction regarding prevention of communicable and life threatening diseases shall be provided by the schools in the educational program for all levels, in accordance with state regulations and Board approved curriculum.

Parents/guardians shall be informed of and be provided opportunities during school hours to review all curriculum materials used in such instruction.

Section 32

Delegation of Responsibility

The Superintendent or designee shall:

1. Annually review the State and/or county standards for immunization of pupils and direct the responsible District personnel accordingly.
POLICY NO. 203
COMMUNICABLE DISEASES AND IMMUNIZATION

1. Inform parents and guardians of children prior to their entry to school for the first time of the requirements of immunization, the requirements of tuberculin testing on original entry and every three years thereafter, the requisite proof of immunization, the exemption available for religious or medical reasons and the means by which such exemptions may be claimed; and

2. Ensure that parents/guardians are being informed prior to a student’s entry to school of the requirements for immunization, the requisite proof of immunization, exemption available for religious or medical reasons, and means by which such exemptions may be claimed.

2.3 Investigate and recommend to the Board such District-sponsored programs of immunization as may from time to time be warranted by circumstances and the health needs to safeguard the health of the school community. Any such program is subject to Board approval and should be conducted in cooperation with local health agencies.

4. Promulgate health guidelines and universal precautions designed to minimize transmission of communicable disease be implemented in all district schools.

No student shall be admitted to school for the first time who has not been immunized against such diseases as are enumerated by the Advisory Health Board and in the manner directed by the Secretary of Health.

The implementation of this policy shall be the responsibility of the Superintendent and the nurse of each school building in the District, who shall be subject to the sanctions of law for violation of the State statute for immunization of pupils.

Section 4 Procedure

Students who have been diagnosed by a physician as being absent due to a communicable disease not specifically listed by the Department of Health, or who have been diagnosed as a carrier of such disease may be excluded for the protection of the
POLICY NO. 203
COMMUNICABLE DISEASES AND IMMUNIZATION

school community under the following procedures:

The school physician/nurse practitioner shall make a preliminary recommendation to the District as to the health risks associated with diagnosed communicable disease. In the event that potential health risks to the school community would be identified by the school physician/nurse practitioner because of the admission or continued attendance of the student in question, a panel shall be convened to review the medical history and assess the specific health risks to the identified student and to the school community.

Prior to the panel’s assessment and recommendation as to health risks, the Superintendent may preliminarily exclude the child from the educational program based upon the school physician’s previous recommendation and after the Superintendent has consulted with the student’s parents or guardians and personal physician.

The Board shall name an administrator to coordinate the District’s response to the issue; the administrator shall convene the panel. The panel shall consist of the coordinating administrator, school physician, school nurse, family physician, parent and appropriate local health official.

The panel shall make an assessment of the potential for transmission of the communicable disease to the school community and the risks associated with potential infection. The panel shall utilize, as a resource, the Centers for Disease Control Guidelines on Education of Children Infected with AIDS-Causing Viruses. See Board Policy No. 203.1.

Within ten (10) days, the panel shall make a recommendation to the Superintendent regarding the attendance of the student. The Superintendent shall promptly make a final decision on attendance or alternate placement of the student.

The panel, at the request of the administrator, shall meet periodically to assess the recommendations as to attendance.

The administrator assigned to coordinate the District’s response under this policy shall be responsible for organizing and presenting information on communicable diseases, including
POLICY NO. 203
COMMUNICABLE DISEASES AND IMMUNIZATION

AIDS, to the school community and general public as necessary to implement the plan.

Administrative guidelines approved by the Board on June 27, 1988, for the control of Human/Immunodeficiency Virus (HIV) infection and other communicable diseases will be adhered to by all school personnel.

#### HIV INFECTION

**Section 1**

**Purpose**

The Board is committed to providing a safe, healthy environment for its students and employees. The purpose of this policy shall be to safeguard the health and well-being of students and staff while protecting the rights of the individual.

**Section 2**

**Definitions**

- **AIDS** – Acquired Immune Deficiency Syndrome.

- **HIV Infection** – refers to the disease caused by the HIV or human immunodeficiency virus.

- **Infected Students** – refers to students diagnosed as having HIV infection, including those who are asymptomatic.

- **Screening Team** – the building principal and school nurse.

**Section 3**

**Authority**

This policy shall apply to all students in all programs conducted by the school district.

The Board directs that the established school rules relative to illnesses and other diseases among students shall also apply to infected students.

The Board shall not require routine screening tests for HIV infection in the school setting, nor will such tests be a condition for school attendance.

An infected student may be excused from school attendance if the parent/guardian seeks such excusal based on the advice of medical or psychological experts treating the student.

An infected student’s placement shall be reassessed if there is a change in the student’s need for accommodations or services.

Confidentiality

District employees who have knowledge of an infected student’s condition shall not disclose any information without prior written consent of the student’s parents/guardians, consistent with the requirements of the Pennsylvania Confidentiality of HIV-Related Information Act.

All health records, notes and other documents referring to an infected student’s condition shall be secured and kept confidential.

Infection Control

All employees shall be required to consistently follow infection control/universal precautions in all settings and at all times, including playgrounds and school buses. Employees shall notify the Superintendent or designee of all incidents of exposure to bodily fluids and when a student’s health condition or behavior presents a reasonable risk of transmitting an infection.

The school district shall maintain reasonably accessible equipment and supplies necessary for infection control.

#### Section 4  Delegation of Responsibility

The Superintendent shall periodically review existing attendance areas and recommend to the Board such changes as may be justified by considerations of safe student transportation and travel, convenience of access to schools, education, financial and administrative efficiency or appropriateness of the instructional program.

The Superintendent or designee may assign a student to a school other than that designated by the attendance area when such exception is justified by circumstances and is in the proper educational interest of the student.

The Superintendent shall assign incoming transfer students to such schools, grades, and classes as may afford each student the greatest likelihood of realizing his/her fullest educational potential and academic goals.

The building principal shall assign students in the school to appropriate grades, classes, or groups. This action shall be based on consideration of the needs and abilities of the student, as well as the educational program and administration of the school.

#### Section 5  Guidelines

Whenever possible, consideration shall be given to a request by a parent/guardian for attendance at a specific school.

**Classroom Placement of Twins/Higher Order Multiples**

A parent/guardian of twins or higher order multiples who are in the same grade level at the same school may request that their children be placed in the same classroom or in separate classrooms. The request for classroom placement must be made no later than ten (10) days after the first day of each school year or ten (10) days after the first day of the children’s attendance.

3. If the request for separate classroom placement would require the District to add an additional class to the grade level of the siblings.  

The school may recommend classroom placement and provide professional education advice to the parent/guardian to assist in making the best decision for their children’s education.  

A parent/guardian may appeal the principal’s classroom placement of twins or higher order multiples in accordance with Board policy.

POLICY NO. 214
CLASS RANK

Section 1 Purpose
The Board acknowledges the usefulness of a system of computing quality point averages and class ranking for secondary school graduates to inform students, parents/guardians and others of their relative academic placement among their peers under relatively similar circumstances.

Section 2 Authority
The Board authorizes a system of class ranking, cumulative from grade level to grade level, to be determined at the end of each year in grades 9, 10 and 11. In grade 12, students are ranked at the end of both semesters.

Section 3 Guidelines
Students shall be ranked in order from highest to lowest according to quality point averages.

Quality points shall be awarded for each course according to Board Policy 213 – Assessment of Student Progress based on the student’s final grade, the academic level and the number of credits of the course.

Students enrolled in Advanced Placement courses shall be given an extra quality point in computing class rank. Students enrolled in Honor courses shall be given an extra half (.5) quality point in computing class rank. Grade values should be computed by
being weighted in the following manner:

<table>
<thead>
<tr>
<th>AP</th>

<td>D=0.5</td>
</tr>
<tr>
<td>F=0.0</td>
<td>F=0.0</td>
</tr>
</tbody>
</table>

Any two (2) or more students whose computed quality point averages are identical shall be given the same rank. The rank of a student who immediately follows a tied position will be determined by the number of students preceding him or her and not by the rank of the person preceding him or her. For instance, if three students are tied for number one, the next student is ranked number 4.

A student’s quality point average and rank in class shall be entered on his or her record and shall be subject to the Board’s policy on release of student records.

Rank in class shall be entered on students’ records and on all transcripts, where they will be available for review by authorized persons or released with permission from parents/guardians and/or eligible student.

For graduation there will be one valedictorian and one salutatorian.

Section 4 Delegation of Responsibility

The Superintendent or designee shall develop procedures for the computation of quality point averages and the assignment of rank in class to implement this policy.

GRADUATION REQUIREMENTS

Section 1
Purpose
It shall be the policy of the Board to acknowledge each student's successful completion of the instructional program appropriate to the student's interests and needs by the awarding of a diploma or certificate at fitting graduation ceremonies.

Section 2
Authority
The Board shall award a regular high school diploma to every student enrolled in this District who meets the requirements of graduation established by Chapter 4 of the Pennsylvania Department of Education Regulations and the Board of School Directors of the Keystone Oaks School District.

The Board shall identify the planned courses which are required for graduation. These written plans shall be on file in the District, the District website, and shall be made available upon request for review by the designated representatives of the Pennsylvania Department of Education.

**Non-Proficient Students – Keystone Exams**

Beginning in 2014-2015, high school students in the Classes of 2014, 2015, and 2016 who have not demonstrated proficiency on the Keystone Exam for Algebra I and Literature will be required to schedule and attend a remediation resource class.
POLICY NO. 217
GRADUATION REQUIREMENTS

Beginning with the Class of 2017, students who have not demonstrated proficiency on the Keystone Exams for Algebra I, Biology, and Literature will be required to schedule and attend supplemental instruction classes.

Non-proficient students with Individualized Education Program (IEP) may meet this requirement through attending classes determined by the IEP team.

Students will be required to remain in the resource class or class determined by the IEP team until they demonstrate proficiency on the relevant Keystone Exam.

In order to be eligible for graduation, a student must demonstrate mastery on the Algebra I, Biology and Literature Keystone Exams or local assessment aligned to the PA Academic Standards in these areas as designed or selected by the District, or through progress monitoring of a student’s Individualized Education Program (IEP). Mastery shall be deemed as attaining a score of Proficient or higher on the Keystone Exams Retest, attaining passing grades on a local assessment aligned to the PA Academic Standards in these areas as designed or selected by the District, or fulfilling requirements of a graduation plan on a student’s IEP.

1. Course completion and passing grades.

2. Demonstration of proficiency in each of the state academic standards not assessed by a state assessment.

3. **Attain** proficiency in Algebra I, Biology, and Literature Keystone Exams or project-based assessments in this area.

The Keystone Exams will be stand-alone assessments. Students who do not demonstrate proficiency must participate in supplemental instruction until they demonstrate proficiency on the exam or complete a project-based assessment as prescribed by the Pennsylvania Department of Education.

Beginning with the class of 2019, students will also have to pass a Composition Keystone Exam to graduate or participate in a project-based assessment in this area.

Beginning with the class of 2020, students will also have to pass
POLICY NO. 217
GRADUATION REQUIREMENTS

a Keystone Exam in Civics and Government or in a project-based assessment in this area.

Supplemental Instruction

Students who did not score proficient on a Keystone Exam must participate in supplemental instruction prior to re-taking the Keystone module. The supplemental instructional support will be consistent with the student’s educational program. The District will continue to provide supplemental instruction either until the student demonstrates proficiency in the subject area or until the student begins participating in a project-based assessment.

Re-taking Keystone Exams

A student may re-take an exam or exam module in which he/she did not score proficient or above, so long as the student received supplemental instruction. There is no limit on the number of times a student who did not score proficient on a Keystone Exam can retake the test.

Alternatives to Satisfaction of Assessment Requirements

1. Advanced Placement or Baccalaureate Programs

   Upon approval by the Superintendent, advanced placement or international baccalaureate exams that include academic content comparable to the appropriate Keystone Exam at a score established by the Secretary of Education to be comparable to the proficient level on the appropriate Keystone Exam. The Superintendent may permit successful completion of an advanced placement course and test to take the place of one or more of the courses required for graduation without the student being required to take the related Keystone Exam.

   The Superintendent may permit successful completion of an international baccalaureate program and tests to take the place of one or more of the courses required for graduation without the student being required to take the related Keystone Exam.
POLICY NO. 217
GRADUATION REQUIREMENTS

2. Students Eligible for Special Education

Special Education students are required to satisfactorily complete the program developed by an Individualized Education Program (IEP) team in order to graduate from the District or CAVTS if applicable.

3. Project Based Assessment

If a student is unable to meet the assessment requirements in this section, the student may supplement a Keystone Exam score through satisfactory completion of a project-based assessment. Points earned through satisfactory performance on one or more project modules related to the Keystone Exam module or modules on which the student scored below proficient shall be added to the student’s highest Keystone Exam score. A student may be eligible to complete a project based assessment as developed by the Pennsylvania Department of Education if the following minimum requirements are met:

a. The student has taken the Keystone related course.

b. Was unsuccessful in achieving a score of proficient or advanced on the Keystone Exam after at least two unsuccessful attempts at demonstrating proficiency.

c. Has met the District’s attendance requirements for the course.

d. Has satisfactorily participated in a manner of supplemental instructional services.

e. Seniors must also meet these requirements, except that they are eligible for the project-based assessment after just one unsuccessful attempt to score proficiency.

4. Career and Technical and Vocational Education Students

CTVS students may be eligible to meet the assessment requirements based upon satisfaction of the following:

a. Demonstration of proficiency in each of the State Core
POLICY NO. 217
GRADUATION REQUIREMENTS

Academic Standards not assessed by a State assessment.

b. Demonstration of proficiency in those subjects required for federal accountability purposes.

c. Demonstrate proficiency on the required Keystone Exams or a Pennsylvania Skills Assessment (NOCTI) to meet the requirement for testing in Composition and Civics and Government.

d. Achievement of a score of competent or advanced on a PA State Skill Assessment (such as NOCTI, NIMS or other PDE-approved exam).

e. CTVSE students who did not demonstrate proficiency on the Biology Keystone Exam may participate in a project-based assessment without having to take the Keystone Exam twice.

The above alternate requirements may be substituted for purposes of meeting graduation assessment requirements. However, CTVS students must still take and complete courses associated with the State Academic Core Standards and take the associated Keystone Exams for State accountability purposes.

Additional Learning Opportunities

1. Students attend approved summer schools, community service, weekend classes, college classes, work experiences and other alternative educational programs, as appropriate for specific outcomes and under procedures and policies established by the administration and School Board. Students must also demonstrate proficiency on the Algebra I, Biology, and Literature Keystone Exams and/or a project determined by the Pennsylvania Department of Education. This will also include the Composition Keystone Exams for students graduating in 2019 and later, and the Civics and Government Keystone Exam for students graduating in 2020 or later.

2. Upon recommendation of the Superintendent, selected
POLICY NO. 217
GRADUATION REQUIREMENTS

students who have completed the eleventh grade of high school may enroll in an institution of higher learning. It is the responsibility of the student to make the necessary arrangements with the institution. It is further understood that the Keystone Oaks High School diploma shall be granted to the student upon successful completion of the twelfth grade requirements completed in the first semester.

3. Graduation requirements shall be completed in a District approved accredited summer school, upon recommendation of the principal, if attendance is during the summer immediately following the graduation year of the student's class.

4. Evidence of the completion of the necessary requirements shall be an official transcript from the approved summer school attended.

Parental Opt-Out

Parents/guardians have the right to review a State Assessment to determine whether the assessment conflicts with their religious beliefs. In asserting a religious objection to the assessment, a parent/guardian must explain the objection in their written request for excuse and follow the procedures as developed by the Pennsylvania Department of Education. Students who are not taking Keystone Exams under the parental opt-out provision, must take the project-based assessment for each subject area required for graduation.

Waivers for 12th Grade Students

The Superintendent may waive the graduation requirements on a case-by-case basis for good cause in two instances:

1. A waiver may be granted for a senior who was not successful in completing a project-based assessment.

2. The Secretary of Education may grant a waiver to accommodate a student who experienced certain extenuating circumstances, which include:

b. Death in the Immediate Family  
c. Family Emergency  
d. Frequent Transfers in Schools  
e. Transfer from an Out-of-State School in Grade 12

**Participation in Graduation Ceremonies**

To be eligible to participate in the commencement exercises of his or her class, a senior must have completed all credit requirements for graduation. Those seniors who must attend summer school shall receive diplomas upon presentation of proof of successful completion of the required course or courses. Those students who must attend summer school will not be permitted to participate in graduation ceremonies. A student who participates in the Special Education Program may participate in graduation ceremonies with his/her age appropriate peers even if all IEP goals have not been met. A student may only participate in graduation ceremonies one time. A certificate of attendance will be given at this time. The student will receive a high school diploma upon completion of his/her IEP goals.

No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure but may be denied participation in the ceremony of graduation when personal conduct so warrants. Such exclusion shall be regarded as a school suspension.

Students with unfulfilled financial obligations will not receive their diplomas but may be allowed to participate in the ceremony.

**Student Transcripts**

PSSA scores will be included on student transcripts, and beginning with the class of 2017 in 2016-2017, the performance level demonstrated, total of the score, for each Keystone Exam will be placed on the transcript included.

**Section 3  Delegation of Responsibility**

The Superintendent shall develop procedures for implementing
**POLICY NO. 217**  
**GRADUATION REQUIREMENTS**

This policy includes:

a. Careful recording of each student's progress and accumulation of graduation requirements.

b. Counseling of students to know what is expected of them for completion of their schooling.

c. Issuance of periodic warnings to students in danger of not fulfilling graduation requirements.

d. Preparation of a list of all graduation students for the information of the Board and for release to the public.

e. Preparation of suitable diplomas for graduating students.

f. Planning and execution of graduation ceremonies which fittingly mark this important achievement.

g. Use of appropriate and/or alternative assessment instruments to determine the degree to which a student who has not attended the School District during each of his high school years has demonstrated appropriate achievement in accordance with the District's Strategic Plan, the District's required learning outcomes, and this policy, where demonstrable personal and/or family circumstances preclude the District's receipt and/or review of the student's prior academic records.

## Policy Guide

### Policy No. 208

**WITHDRAWAL FROM SCHOOL**

### Section 1 Purpose

The Board affirms that, even though the statute requires attendance of a student only between the ages of eight (8) and seventeen (17), it is in the best interests of both students and the community that students complete the educational program that will equip them with skills and increase their chances for a successful and fulfilling life beyond the schools.

*SC 1326, 1327, Title 22 Sec. 11.13, 12.1*

### Section 2 Authority

The Board directs that whenever a student wishes to withdraw, efforts will be made to determine the underlying reason for such action and the resources of the District will be used to assist the student in reaching their academic potential and career goals. If the student insists on withdrawing, the school counselor and home and school visitor should encourage the student to enroll in a GED Program or in another approved program.

No student of compulsory school age will be permitted to withdraw without the written consent of a parent/guardian and supporting or other justification.

The withdrawal of students attending college full-time shall be approved.

State Board of Education Regulations – 22 PA Code Sec. 11.4, 11.13, 12.1
POLICY NO. 209
HEALTH EXAMINATIONS/SCREENINGS

Section 1
Purpose

In compliance with the School Code, the Board shall require that students of this District submit to health and dental examinations in order to protect the school community from the spread of communicable disease, and to ensure that the student’s participation in health, safety and physical education courses meets individual needs, and to ensure that the learning potential of each student is not lessened by a remediable physical disability.

Section 2
Guidelines/Authority

Each pupil/student shall receive a comprehensive health examination upon original entry, while in sixth grade and in eleventh grade. These examinations will be conducted by the school physician/nurse practitioner. A private examination conducted at the parent’s/guardian’s request and expense will be accepted in lieu of the school examination.

Each pupil/student shall receive a dental examination to determine the need for additional dental care upon original entry, while in third grade and in seventh grade. These examinations will be conducted by the school dentist. A private examination conducted at the parent’s request and expense will be accepted in lieu of the school examination.

The District will accept reports of privately conducted physical and dental examinations completed within one (1) year prior to a student’s entry into the grade where an exam is required.
POLICY NO. 209
HEALTH EXAMINATIONS/SCREENINGS

Privately conducted physical and dental exams must be comparable to those conducted by the school physician and/or nurse practitioner and must be documented on the forms provided by the District.

Unless otherwise exempted by the appropriate governmental authorities, the school nurse or medical technician shall administer to each student, at intervals established by the District, the following: vision tests, hearing tests, tuberculosis tests, scoliosis screenings, height and weight measurements, and any other test required by School Code or applicable law or regulation. Height and weight measurements shall be used to calculate the student’s weight-for-height ratio.

The following schedule will be used:

1. Each student shall receive height and weight measurement annually.

2. Each student shall receive vision screening annually.

3. Each student shall receive audio screening in K, 1, 2, 3, 7 and 11.

4. Each student shall be tested for tuberculosis upon original entry into school and in grade nine (9) by a tuberculin test or as directed by the health department—usually every three (3) years unless reactor rate is high in the previous year.

5. Each student shall be screened for scoliosis in the sixth and seventh grades and all age-appropriate students in ungraded classes. Students who are under observation or care for scoliosis by a physician or students who object in writing to the screening need not be tested.

For each pupil transferring to the schools of this District, the Superintendent shall request an adequate health record from the transferring school.

The individual student records of health examinations shall

be maintained as a confidential record subject to statute and the policies of this District.

A student who presents a statement signed by a parent or guardian that a medical examination is contrary to religious beliefs shall be examined only when the Secretary of Health determines that the student presents a substantial health menace to the health of other persons.

Where it appears to school health officials or teachers that a child deviates from normal growth and development or where school examinations reveal conditions requiring health or dental care, the parent or guardian of the child shall be so informed; and a recommendation shall be made that the parent/guardian consult a private physician or dentist. The parent/guardian shall be required to report to the school the action taken subsequent to such notification. When the parent(s) or guardian(s) inform the school of financial inability to provide an examination, the school shall advise them of the availability of public assistance. Where no action is taken, the school may conduct further examination.

Parents and guardians of children who are to be examined shall be notified of such examinations. The notice shall include the date and location of the examination and encouragement that the parent or guardian attend. Such notice may also include notification that the parent may have the examination conducted privately at the parent’s expense.

Parents/guardians will be notified of the requirement for physical and dental examinations or screenings at least two (2) weeks prior to the scheduled school examination or screening. The notice will outline the options of having the examination or screening conducted privately at the parent’s/guardian’s expense or the option of having the school-appointed physician or dentist conduct the examination or screening at no cost. Parents/guardians may attend the school-scheduled examination or screening. The notice will specify the time and location for the school examinations or screenings. Such statement may also include notification that the student may be exempted from such examination or screening if it is contrary to the parent’s/guardian’s religious beliefs.
Section 3  
**Delegation of Responsibility**

The Superintendent shall instruct all staff members to observe students continually for conditions that indicate physical defect or disability and to report such conditions promptly to the school nurse.

The Superintendent or designee shall instruct all staff members to be sensitive to the overall well-being of students and to promptly report any apparent changes in a student’s health to the school nurse, who shall communicate with the student’s parent/guardian.

The Superintendent or designee shall request an adequate health record from the transferring school for each student transferring into the District.

The Superintendent or designee shall ensure that notice is provided to all parents/guardians regarding the existence of and eligibility for the Children’s Health Insurance Program (CHIP).

## POLICY NO. 215
### PROMOTION AND RETENTION

### Section 1 Purpose

The Board recognizes that the personal, emotional, social, physical, and educational growth of children will vary and that the students should be placed in the educational setting most appropriate to their needs at the various stages of their growth. Social promotion at all levels is discouraged. The District will establish and maintain high standards for each grade and monitor student achievement in a continuous and systematic manner.

### Section 2 Authority

It shall be the policy of the Board that each student shall be moved forward in a continuous pattern of achievement and development that is in harmony with his/her own development, the system of grade levels, and attainment of the academic standards established for each grade.

Such pattern coincides with the system of grade levels established by this Board and the instructional objectives established for each.

A student will be promoted when s/he has:

- completed the course requirements at the presently assigned level; and

**PROMOTION AND RETENTION**

b. demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience at the next learning level.

A student shall be promoted when s/he has successfully completed the curriculum requirements and has achieved the academic standards established for the present level, based on the professional judgment of the teachers and the results of assessments.

---

**Section 3 Delegation of Responsibility**

The Superintendent shall develop procedures for promotion and retention of which:

a. assure that efforts are made to remediate the student's difficulties before s/he is retained;

b. require the recommendation of the classroom teacher for promotion or retention;

c. require that parents are informed in advance of the possibility of retention;

d. assign to the building and administrative staff the final responsibility for determining the promotion or retention of each student.

The Superintendent or designee shall develop procedures for promotion and retention of students which assure that every effort will be made to remediate the student’s difficulties before the student is retained.

Parents/guardians shall be informed of their child's progress through all levels, K-12, through the elementary program by means of regularly scheduled conferences and periodic reports prepared by the instructor and given to the parent.

In all cases of retention, the parents/guardians shall be fully involved and informed throughout the process.

Parents/Guardians and students shall be informed of the possibility of retention or failure of a student in advance.
**POLICY NO. 215**
**PROMOTION AND RETENTION**

Every effort will be made to remediate the student’s difficulties before s/he is retained through age-appropriate instructional strategies to accelerate progress in the classroom.

A referral to and participation in the Student Assist Program (SAP) with proper documentation of interventions implemented will be made.

Systematic assessment strategies will be in place, such as continual progress monitoring and formative evaluation that enable ongoing modifications of instructional efforts.

There will be implementation of school-based academic and mental health supports in order to advance skills and promote social and emotional adjustment of students (i.e. Title I Reading Program, after-school tutoring, counselor services).

The recommendation of the classroom teacher(s) shall be required for promotion or retention of a student. Satisfactory completion of credit requirements shall also be required for promotion of students in grades 9-12.

All potential retentions will be reviewed by the building principal who has the responsibility for determining the final promotion or retention of each student, in consultation with the Superintendent or designee. At that time, readiness for promotion and extenuating circumstances will be reviewed. Where a two-year age difference exists between the student and their grade level peers, placement will be made based on age. The decision of the Superintendent will be final.

### Section 4 Guidelines

**Elementary and Middle School**

Recommendations for student retention will also take into account the student’s age, social and emotional development, level of readiness for the grade level recommended, and any special needs of the student.

There must be a recommendation of the classroom teacher for promotion or retention.
Parents shall be informed of their child’s progress through the elementary program at all levels, K–12, by means of regularly scheduled conferences and periodic reports prepared by the instructor and sent to the parent.

At the middle school level, students will advance to the next grade level upon attaining a passing grade of “D” or better in at least four of five academic year-long courses. Students in Grade 8 who do not attain a passing grade of "D" or better in Reading/English and/or Mathematics will be required to attend the applicable district-operated summer program or other district-approved summer program prior to Grade 9. Failure to satisfy this minimal requirement will subject the student to retention.

All potential retentions will be reviewed by the building administrator and the Superintendent or his designee as deemed necessary. At that time, readiness for promotion and extenuating circumstances will be reviewed. Where a two-year age difference exists between the student and their grade level peers, placement will be made based on age. The decision of the Superintendent will be final.

High School

At the secondary high school level, students shall be encouraged to carry a full academic schedule of classes in each school year. A credit Carnegie unit shall be given for each subject in which the student has attained a passing grade of D or better and has been enrolled for two semesters.

Progress toward high school graduation shall be based on the student’s ability to achieve the established academic standards and pass the required subjects and electives necessary to earn the number of credits mandated by the Board for graduation.

Any eleventh-grade student who has earned fewer than fourteen credits will not be scheduled for graduation and will remain in a junior homeroom unless they attend summer school after their junior year to earn the necessary credit(s) to meet graduation requirements. If a student is unable to attend summer school to satisfy the credit deficiencies, other options (i.e., community
