| <p>Section 1</p> | <p style="text-align: center;">POLICY NO. 237 EDUCATIONAL USE OF STUDENT OWNED TECHNOLOGY DEVICES <u>ELECTRONIC DEVICES</u></p> <p><u>Purpose</u></p> <p>The Keystone Oaks School District supports and encourages the use of technology to aid in education and operational processes of the District. The Board recognizes the vast and unique resources that Internet access offers both students and staff. The Board acknowledges the enhancement that technology may provide to the learning process and further recognizes the virtually unlimited information available through the internet.</p> <p>The Board also recognizes the potential for misuse of the various technology resources available to students, faculty and staff. Nevertheless, it is the belief of the Board that the value of technology used and provided by students in the educational process outweighs the potential risk of misuse. The Board is, however, committed to a policy which seeks to discourage, minimize and avoid any misuse of both <u>District owned and student owned</u> provided or any other technology <u>electronic devices</u>.</p> <p>The purpose of this policy is to acknowledge that student owned technology devices, hereinafter referred to as "SOTDs," may offer value to both the student and teacher in a controlled and monitored environment and to set forth expectations for appropriate use of existing and emerging technologies which students may possess including, but not limited to, all devices</p> | |

~~If there is reasonable suspicion that a violation of District policy has taken place, the device will be confiscated and delivered to the building administrator.
