**POLICY NO. 113.1**

**POSITIVE BEHAVIOR SUPPORT**

---

**Section 1** Purpose

Students with disabilities shall be educated in the least restrictive environment (LRE) in accordance with their Individualized Education Program (IEP), and shall only be placed in settings other than the regular education class when the nature or severity of the student’s disability is such that education in the regular education class with the use of appropriate supplementary aids and services cannot be achieved satisfactorily and cannot meet the needs of the student. The IEP team for a student with a disability shall develop a Positive Behavior Support plan or shall include behavioral goals, interventions, and strategies in the IEP for each if the student requires specific intervention to address whose behavior that interferes with his/her learning or the learning of others. The identification, evaluation, and plan or program shall be conducted and implemented in accordance with state and federal laws and regulations.

---

**Section 2** Authority

The Board directs that the District’s behavior support programs shall be based on positive rather than negative behavior techniques to ensure that students shall be free from demeaning treatment and unreasonable use of restraints or other aversive techniques. The use of restraints shall be considered a measure of last resort and shall only be used after other less restrictive measures, including de-escalation techniques. Behavior support

programs and plans shall be based on a functional behavioral assessment and shall include a variety of research-based techniques to develop and maintain skills that will enhance students’ opportunity for learning and self-fulfillment.

following principles shall govern the use of behavior supports and interventions for students with disabilities:

1. Positive, rather than negative, measures must form the basis of behavior support programs to ensure that all students shall be free from demeaning treatment, the use of adverse techniques, punitive “time out” and the unreasonable use of restraints.

2. Behavior support programs and plans must be based on a functional assessment of behavior and use positive behavior techniques.

3. Behavior support programs must include research-based practices and techniques to develop and maintain skills that will enhance an individual student’s opportunity for learning and self-fulfillment.

4. When an intervention is needed to address problem behavior, the types of intervention chosen for a particular student shall be the least intrusive necessary.

5. The use of restraints is considered a measure of last resort, only to be used after other less restrictive measures, including de-escalation techniques.

6. Nothing in this policy shall be construed to require the development of a separate behavior support or intervention plan when appropriate positive behavioral interventions, strategies, and supports, consistent with the requirements of this policy, can be incorporated into body of the IEP.

Definitions  

As used in this policy, the following words and terms shall have these meanings, unless the context clearly indicates otherwise:

Pol. 113, 113.2, 113.3  

22 PA Code Sec. 14.133
**POLICY NO. 113.1
POSITIVE BEHAVIOR SUPPORT**

**Aversive Techniques** – Deliberate activities designed to establish a negative association with a specific behavior.

**Behavior Support** – The development, change and maintenance of selected behaviors through the systematic application of behavior change techniques.

**Functional Behavior Assessment (FBA)** – A student-centered team process used in instances when behavior negatively impacts a student’s learning or that of the student’s peers. FBA is an evidence-based process for gathering information to understand the function (purpose) of behavior in order to write an effective positive behavior support plan.

A FBA must be conducted and behavioral interventions implemented when: The IEP team (1) determines that a student’s behavior is interfering with the student’s learning or the learning of others, and (2) requires additional information to provide appropriate educational programming.

**Positive Behavior Support Plans or Behavior Intervention Plan** – A plan for students with disabilities who require specific intervention to address behavior that interferes with learning. A positive Behavior Support Plan shall be developed by the IEP team, be based on a functional behavior assessment, and become part of the individual student’s IEP whether as a separate document attached thereto or as goals and intervention. These plans must include methods that use positive reinforcements, and other positive techniques to shape a student’s behavior, and related services required to assist a student with a disability to benefit from special education.

**Positive techniques** – Methods that utilize positive reinforcement to shape a student's behavior, ranging from the use of positive verbal statements as a reward for good behaviors to specific tangible rewards.

**Restraints** – Application of physical force, with or without the use of any device, designed for the purpose of restraining the free movement of a student’s body, excluding the following:
POLICY NO. 113.1
POSITIVE BEHAVIOR SUPPORT

1. Briefly holding a student, without force, to calm or comfort the student him/her.

2. Guiding a student to an appropriate activity.

3. Holding a student’s hand to escort the student him/her safely from one area to another.

4. Hand-over-hand assistance with feeding or task completion.

5. Techniques prescribed by a qualified medical professional for reasons of safety or for therapeutic or medical treatment, as agreed to by the student’s person(s) in parental relation parents/guardians and specified in the IEP.

6. Mechanical restraints, governed by this policy, such as devices used for physical or occupational therapy, seatbelts in wheelchairs or on toilets used for balance and safety, safety harnesses in buses, and functional positioning devices.

Seclusion – Confinement of a student in a room, with or without staff supervision in the same room at all times, in order to provide a safe environment to allow the student to regain self-control.

Students with disabilities – School-aged children within the jurisdiction of the District who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.

Section 4 Delegation of Responsibility

The Superintendent or designee shall ensure that this Board policy is implemented in accordance with federal and state laws and regulations.

The Superintendent or designee shall develop administrative regulations or procedures as needed to implement this policy.
## POLICY NO. 113.1
### POSITIVE BEHAVIOR SUPPORT

The Superintendent or designee shall provide regular training and retraining of staff in the use of specific procedures, methods and techniques, including de-escalation techniques, emergency responses, restraints and seclusions, that will be used to implement positive behavior supports or interventions in accordance with students’ IEPs, Positive Behavior Support Plans and Board policy.

The Superintendent or designee shall maintain and report data on the use of restraints, as required. Such report shall be readily available for review during the state’s cyclical compliance monitoring. Procedures shall be established requiring reports to be made to the District by entities educating students with disabilities who attend programs or classes outside the District, including private schools, agencies, intermediate units and career and technical schools.

### Section 5
#### Guidelines

Development of a separate Positive Behavior Support Plan is not required when appropriate positive behavioral interventions, strategies and supports can be incorporated into a student’s IEP.

When an intervention is necessary to address problem behavior, the positive techniques and types of intervention chosen for a student shall be the least intrusive necessary.

#### Physical Restraints

Restraints to control acute or episodic aggressive or self-injurious behavior may be used only when the student is acting in a manner that presents as to be a clear and present danger to the student, other students or employees, and only when less restrictive measures and techniques have proven to be or are less effective.

The Superintendent or designee shall notify the person in parental relation/guardian as soon as practicable of the use of restraints to control the aggressive behavior of the student and shall convene a meeting of the IEP team within ten (10) school days of the inappropriate behavior causing the use of restraints, unless the person in parental relation/guardian, after written notice, agrees in writing to waive the meeting. At this meeting,

the IEP team shall consider whether the student needs a functional behavioral assessment, re-evaluation, a new or revised Positive Behavior Support Plan, or a change of placement to address the inappropriate behavior.

The use of restraints shall not be included in a student’s IEP for the convenience of staff, as a substitute for an educational program, or to be employed as punishment. Restraints may be included in an IEP with person in parental relation consent-only if under the following conditions:

1. The restraint is used with specific components elements of a Positive Behavior Support Plan.

2. The restraint is used in conjunction with the teaching of socially appropriate acceptable alternative skills to replace problem or behaviors.

3. Staff are authorized to use the restraint, and have received appropriate training required, to use the specific procedure.

4. The Positive Behavior Support Plan of the student includes efforts to a plan for eliminating the use of restraints through the application of positive behavior support.

The use of restraints is not included in the IEP for the convenience of staff, as a substitute for an educational program, or to be employed as punishment.

Mechanical Restraints

Mechanical restraints, which are used to control involuntary movement or lack of muscular control of a student when due to organic causes or conditions, may be employed only when specified by an IEP and as determined by a medical professional qualified to make the determination, and as agreed to by the student’s person(s) in parental relation parents/guardians.

22 PA Code 14.133
### POLICY NO. 113.1
### POSITIVE BEHAVIOR SUPPORT

Mechanical restraints shall prevent a student from injuring the student, him/herself or others, or promote normative body positioning and physical functioning.

**Seclusion**

The District permits involuntary seclusion of a student for a limited period of time in accordance with the student’s IEP or in an emergency to prevent immediate or imminent injury to the student or others, but the seclusion must be the least restrictive alternative. District staff shall provide continuous supervision of students in seclusion, which need not always involve presence of staff within the same room.

The District prohibits the seclusion of student in locked rooms, locked boxes and other structures or spaces from which the student cannot readily exit.

### Aversive Techniques

The following aversive techniques for addressing behavior are considered inappropriate and shall not be used in educational programs:

2. Punishment for behaviors caused by or directly and substantially related to a manifestation of a student’s disability.

3. Locked rooms, locked boxes, other locked structures or spaces from which the student cannot readily exit.

5. Deprivation of basic human rights, such as withholding meals, water or fresh air.

6. Suspensions constituting a pattern as defined in state regulations.

Section 1

**Purpose**

The District shall develop and implement Positive Behavior Support Plans and programs for students with disabilities who require specific interventions to address behaviors that interfere with learning.

Students with disabilities who violate the Code of Student Conduct, or engage in inappropriate behavior, disruptive or prohibited activities and/or actions injurious to themselves or others, which would typically result in corrective action or discipline of students without disabilities, shall be disciplined in accordance with state and federal laws and regulations and Board policy and, if applicable, their Individualized Education Program (IEP) and Positive Behavior Support Plan.

Section 2

**Definitions**

**Students with disabilities** – school-aged children within the jurisdiction of the District who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.

**Suspensions from school** – disciplinary exclusions from school for a period of one (1) to ten (10) consecutive school days.
# POLICY NO. 113.2
## DISCIPLINE OF STUDENTS WITH DISABILITIES

**Expulsions from school** – disciplinary exclusions from school by the Board for a period exceeding ten (10) consecutive school days and may include permanent exclusion from school.

**Interim alternative educational settings** – removal of a student with a disability from the student’s current placement. Interim alternative educational settings may be used by school personnel for up to forty-five (45) school days for certain infractions committed by students with disabilities. The IEP team shall determine the interim alternative educational setting; however, this does not constitute a change in placement for a student with a disability.

**Manifestation of Disability** – the behavior is caused by, or directly and substantially related to, the student’s disability.

## Authority

The Board directs that the District shall comply with provisions and procedural safeguards of the Individuals With Disabilities Education Act (IDEA), and federal and state regulations when disciplining students with disabilities for violations of Board policy or district rules or regulations. No student with a disability shall be subjected to a disciplinary change in placement if the student’s particular misconduct is a manifestation of the student’s disability. However, under certain circumstances a student with a disability may be placed in an interim alternative educational setting by school personnel or the IEP team could, if appropriate, change the student’s educational placement to one which is more restrictive than the placement where the misconduct occurred.

**Provision Of Education During Disciplinary Exclusions**

During any period of expulsion, or suspension from school for more than ten (10) consecutive days in a year, or placement in an interim alternative educational setting for disciplinary reasons, a student with a disability shall continue to receive a free and public appropriate education (FAPE), in accordance with law.
### POLICY NO. 113.2  
**DISCIPLINE OF STUDENTS WITH DISABILITIES**

#### Section 4

**Guidelines**

**Suspension From School**

A student with a disability may be suspended for ten (10) consecutive and fifteen (15) cumulative days of school per school year, for the same reasons and duration as a student without a disability. Such suspension shall not constitute a change in the student’s educational placement.

**Changes In Educational Placement/Manifestation Determinations**

For disciplinary exclusions which constitute a change in educational placement, the District shall first determine whether the student’s behavior is a manifestation of the student's disability. Expulsion, or exclusion from school for more than fifteen (15) cumulative days in a year, or patterns of suspensions for substantially identical behaviors constitute changes in educational placements requiring a manifestation determination. For students with intellectual disability, any disciplinary suspension or expulsion is a change in educational placement.

A student with a disability whose behavior is not a manifestation of the student’s disability may be disciplined in accordance with Board policy, district rules and regulations in the same manner and to the same extent as students without disabilities.

**Parent/Guardian Appeals From Disciplinary Actions/Request For Hearing By District For Students Who Are A Danger To Themselves Or Others**

A due process hearing may be requested by a person in parental relation of a student with a disability who disagrees with a disciplinary placement or manifestation determination, or by the District if the District believes that the current placement is substantially likely to result in injury to the student or others. On appeal, or when the District requests a due process hearing, the hearing officer may return the student to the placement from which the student was removed or order the student’s removal to an appropriate interim alternative educational setting.
POLICY NO. 113.2
DISCIPLINE OF STUDENTS WITH DISABILITIES

for up to forty-five (45) school days if the hearing officer determines that maintaining the student’s current placement is substantially likely to result in an injury to the student or others.

Placement during appeals of disciplinary actions shall be in the interim alternative educational setting pending the decision of the hearing officer or expiration of the time period set for the disciplinary exclusion from the student’s regular placement unless the District and the person in parental relationship agree otherwise.

Students Not Identified As Disabled/Pending Evaluation

Students who have not been identified as disabled may be subject to the same disciplinary measures applied to students without disabilities if the District did not have knowledge of the disability. If a request for evaluation is made during the period the student is subject to disciplinary measures, the evaluation shall be expedited.

Administrative Removal To Interim Alternative Educational Setting For Certain Infractions

School personnel may remove a student with a disability, including intellectual disability, to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student’s disability if the student:

1. Carries a weapon to or possesses a weapon at school, on school property, or at school functions under the jurisdiction of the District. For purposes of this provision, weapon is defined as a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than two and one-half (2 ½) inches in length.
### POLICY NO. 113.2
**DISCIPLINE OF STUDENTS WITH DISABILITIES**

2. Knowingly possesses or uses illegal drugs, as defined by law, or sells or solicits the sale of a controlled substance, as defined by law, while at school, on school property, or at school functions under the jurisdiction of the District.

3. Has inflicted serious bodily injury upon another person while at school, on school property, or at school functions under the jurisdiction of the District. For purposes of this provision, **serious bodily injury** means bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

#### Referral To Law Enforcement and Reporting Requirements

For reporting purposes, the term **incident** shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a student with a disability, including a student for whom an evaluation is pending, to the local police department that has jurisdiction over the school’s property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies. The Superintendent or designee shall respond to such incidents in accordance with the district’s Special Education Plan and, if applicable, the procedures, methods and techniques defined in the student’s **Positive Behavior Support Plan**.
POLICY NO. 113.2
DISCIPLINE OF STUDENTS WITH DISABILITIES

For a student with a disability who does not have a Positive Behavior Support Plan, subsequent to notification to law enforcement, the District shall convene the student’s IEP team to consider whether a Positive Behavior Support Plan should be developed to address the student’s behavior, in accordance with law, regulations and Board policies.

When reporting an incident committed by a student with a disability to the appropriate authorities, the District shall provide the information required by state and federal laws and regulations and shall ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by these authorities. The District shall ensure compliance with the Family Educational Rights and Privacy Act when transmitting copies of the student’s special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

In accordance with state law, the Superintendent shall annually, by July 31, report to the Office for Safe Schools on the required form all new incidents committed by students with disabilities, including students for whom an evaluation is pending, which occurred on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity.

### Section 3

**Guidelines**

**Parental Access Rights**

The District shall permit persons in parental relation to inspect and review any education records relating to their child(ren) that are collected, retained, or used by the District in connection with providing special education services to the student.

The District shall comply with a person in parental relation’s request to inspect and review education records without unnecessary delay and before any meeting regarding an Individualized Education Program (IEP); any impartial due process hearing relating to the identification, evaluation, educational placement, or the provision of a free and appropriate public education (FAPE) to a student; a hearing related to the discipline of the student; and a resolution meeting.

The District shall presume a person in parental relation has authority to inspect and review records relating to their child unless it has been provided documentation that the requesting person in parental relation does not have this authority under applicable state law.

The District shall comply with a person in parental relation’s request for review within forty-five (45) days following receipt of the request.

A person in parental relation’s right to inspect and review education records includes the right to:

1. A response from the District to reasonable requests for explanations and interpretations of the records.
2. Request that the District provide copies of the records if failure to provide copies would effectively prevent the person in parental relation from exercising the right to inspect and review the records.
3. Have a representative inspect and review the records.
**POLICY NO. 113.4**

**CONFIDENTIALITY OF SPECIAL EDUCATION STUDENT INFORMATION**

If an education record includes information on more than one (1) student, the persons in parental relations/guardians shall have access only to the information relating to their child or shall be informed of the information in the record.

The District shall provide persons in parental relations/guardians, upon request, a list of the types and locations of education records collected, maintained, or used by the District.

**Fees**

The District may charge a fee for copies of records that are made for persons in parental relations/guardians so long as the fee does not effectively prevent persons in parental relations/guardians from exercising their right to inspect and review those records.

The District shall not charge a fee to search for or to retrieve information in response to a person in parental relation’s request.

**Record Of Access**

The District shall keep a record of parties obtaining access to education records collected, maintained, or used in providing special education and related services to students with disabilities, except access by persons in parental relations/guardians and authorized district employees.

The District’s record of access shall include the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

**Amendment Of Records Upon Parental Request**

If a person in parental relation/parent/guardian believes that information in the student’s education records is inaccurate, misleading or violates the privacy or other rights of the student, the person in parental relation/parent/guardian may request that the District amend the information.

If the District declines to amend the information in accordance with a parental request, the District shall inform the parent/guardian of the refusal and advise the person in parental relation of the right to a hearing.

Records Hearing

The District shall, on request, provide persons in parental relation with an opportunity for a hearing to challenge information in the student’s education records to ensure that the information is not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. The District recognizes that persons in parental relation who believe that there is a due process violation relating to an alleged violation of confidentiality may also request a special education due process hearing.

Hearing Procedures

A hearing to challenge information in education records must meet the following requirements:

6. The decision must be based solely on the evidence presented at the hearing, and must include a summary of the evidence and the reasons for the decision.

Result of Hearing

If, as a result of the hearing, the District decides that the information is inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights, the District shall amend the information accordingly and inform the person in parental relation in writing.

If, as a result of the hearing, the District decides that the information is not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights, the District shall inform the person in parental relation of the person in parental relation’s right to place in the student’s records a statement commenting on the information and/or providing any reasons for disagreeing with the District’s decision.

Any explanation placed in the student’s records shall be:

Student records include any financial documents related to any services that a student receives.

The District shall maintain, for public inspection, a current listing of the names and positions of those district employees who have access to personally identifiable information.

In order to comply with state compliance monitoring requirements, the District shall maintain education records for students receiving special education services for at least six (6) years.

The District shall inform person in parental relation when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to the student. After notice, such information shall be destroyed upon the person in parental relation’s request.

No education record shall be destroyed if there is an outstanding request to inspect or review the record or if a litigation hold exists.

The District may maintain a permanent record of the student’s name, address, and phone number, his/her grades, attendance record, classes attended, grade level completed, and year completed.

The District shall ensure the destruction of education records in a manner that protects the confidentiality and privacy rights of the student and his/her family.

Employee requests for leave, both FMLA and non-FMLA, shall be submitted in writing on a district form to the Director of Finance and Human Resources.

Section 3 Guidelines

Required notices shall be posted by the District.

Employees' eligibility for FMLA leave shall be based on the criteria established by law.

Eligible employees shall be provided up to twelve (12) workweeks of unpaid leave in a twelve-month period for the employee's own serious health condition; for the birth, adoption, foster placement or first-year care of a child; to care for a seriously ill spouse, child or parent; or to address specific qualifying exigencies pertaining to a member of the Armed Forces alerted for foreign deployment or during foreign deployment.

Employees shall be required to provide a fitness for duty certificate from a qualified medical professional upon returning from an FMLA leave when the leave was taken because of the employee’s own serious health condition, except where such a requirement would be in violation of a collective bargaining agreement or where the employee has taken a paid leave concurrent with the FMLA leave and District Policy and practice has not required a fitness-for-duty certificate to be provided.

Seniority shall accrue for all purposes during FMLA leaves and credit shall be given during FMLA leaves for accruals and other leaves, subject to any applicable collective bargaining agreement or statutory provisions to the contrary.

For purposes of determining whether an eligible employee under the FMLA has exhausted the twelve (12) weeks of leave in any twelve (12)-month period, the District shall utilize a rolling twelve-month period measured backwards from the date leave is used, to determine if an employee has exhausted their FMLA leave in any twelve-month period, avoid stacking of back to back leave entitlements.

When an employee requests an FMLA leave and qualifies for and is entitled to any accrued paid sick, vacation, personal or family leave, the employee is required to utilize such paid leave concurrent with the FMLA leave.

For all other purposes, calculation of the twelve (12) month period of eligibility for FMLA leave shall be according to law, subject to any applicable collective bargaining agreement provisions.

An employee will be denied intermittent leave or leave on a reduced schedule to care for an immediate family member with a serious health condition, as defined by the FMLA, or if the employee has a serious health condition, when:

1. The employee fails to establish through medical certification that there is a medical need for such a leave,

29 CFR 825.200
29 U.S.C. 2612
as distinguished from voluntary treatments and procedures.
2. The employee fails to establish through medical certification that it is medically necessary for the leave to be taken intermittently or on a reduced leave schedule.

Eligibility for an FMLA leave shall be based entirely on the criteria established by the FMLA. This Policy shall not be construed to expand eligibility for an FMLA leave beyond what is required by law.

Instructional employees may be required to continue FMLA leave to the beginning of a grading period or term if conditions of leave are those specified in the FMLA.
