### POSITIVE BEHAVIOR SUPPORT

### Section 1: Purpose

Students with disabilities shall be educated in the least restrictive environment (LRE) in accordance with their Individualized Education Program (IEP), and shall only be placed in settings other than the regular education class when the nature or severity of the student’s disability is such that education in the regular education class with the use of appropriate supplementary aids and services cannot be achieved satisfactorily and cannot meet the needs of the student. The IEP team for a student with a disability shall develop a Positive Behavior Support Plan or shall include behavioral goals, interventions, and strategies in the IEP for each if the student requires specific intervention to address whose behavior that interferes with his/her learning or the learning of others. The identification, evaluation, and plan or program shall be conducted and implemented in accordance with state and federal laws and regulations.

### Section 2: Authority

The Board directs that the District’s behavior support programs shall be based on positive rather than negative behavior techniques to ensure that students shall be free from demeaning treatment and unreasonable use of restraints or other aversive techniques. The use of restraints shall be considered a measure of last resort and shall only be used after other less restrictive measures, including de-escalation techniques. **POSITIVE BEHAVIOR SUPPORT**

Programs and plans shall be based on a functional behavioral assessment and shall include a variety of research-based techniques to develop and maintain skills that will enhance students’ opportunity for learning and self-fulfillment.

The following principles shall govern the use of behavior supports and interventions for students with disabilities:

1. Positive, rather than negative, measures must form the basis of behavior support programs to ensure that all students shall be free from demeaning treatment, the use of adverse techniques, punitive “time out” and the unreasonable use of restraints.

2. Behavior support programs and plans must be based on a functional assessment of behavior and use positive behavior techniques.

3. Behavior support programs must include research-based practices and techniques to develop and maintain skills that will enhance an individual student’s opportunity for learning and self-fulfillment.

4. When an intervention is needed to address problem behavior, the types of intervention chosen for a particular student shall be the least intrusive necessary.

5. The use of restraints is considered a measure of last resort, only to be used after other less restrictive measures, including de-escalation techniques.

6. Nothing in this policy shall be construed to require the development of a separate behavior support or intervention plan when appropriate positive behavioral interventions, strategies, and supports, consistent with the requirements of this policy, can be incorporated into body of the IEP.

**DISCIPLINE OF STUDENTS WITH DISABILITIES**

**Expulsions from school** – disciplinary exclusions from school by the Board for a period exceeding ten (10) consecutive school days and may include permanent exclusion from school.

**Interim alternative educational settings** – removal of a student with a disability from the student’s current placement. Interim alternative educational settings may be used by school personnel for up to forty-five (45) school days for certain infractions committed by students with disabilities. The IEP team shall determine the interim alternative educational setting; however, this does not constitute a change in placement for a student with a disability.

**Manifestation of Disability** – the behavior is caused by, or directly and substantially related to, the student’s disability.

### Section 3  
**Authority**

The Board directs that the District shall comply with provisions and procedural safeguards of the Individuals With Disabilities Education Act (IDEA), and federal and state regulations when disciplining students with disabilities for violations of Board policy or district rules or regulations. No student with a disability shall be subjected to a disciplinary change in placement if the student’s particular misconduct is a manifestation of the student’s disability. However, under certain circumstances a student with a disability may be placed in an interim alternative educational setting by school personnel or the IEP team could, if appropriate, change the student’s educational placement to one which is more restrictive than the placement where the misconduct occurred.

**Provision Of Education During Disciplinary Exclusions**

During any period of expulsion, or suspension from school for more than ten (10) consecutive days in a year, or placement in an interim alternative educational setting for disciplinary reasons, a student with a disability shall continue to receive a free and public appropriate education (FAPE), in accordance with law.
POLICY NO. 113.2
DISCIPLINE OF STUDENTS WITH DISABILITIES

Section 4

Guidelines

Suspension From School

A student with a disability may be suspended for ten (10) consecutive and fifteen (15) cumulative days of school per school year, for the same reasons and duration as a student without a disability. Such suspension shall not constitute a change in the student’s educational placement.

Changes In Educational Placement/Manifestation Determinations

For disciplinary exclusions which constitute a change in educational placement, the District shall first determine whether the student’s behavior is a manifestation of the student’s disability. Expulsion, or exclusion from school for more than fifteen (15) cumulative days in a year, or patterns of suspensions for substantially identical behaviors constitute changes in educational placements requiring a manifestation determination. For students with intellectual disability, any disciplinary suspension or expulsion is a change in educational placement.

A student with a disability whose behavior is not a manifestation of the student’s disability may be disciplined in accordance with Board policy, district rules and regulations in the same manner and to the same extent as students without disabilities.

Parent/Guardian Appeals From Disciplinary Actions/Request For Hearing By District For Students Who Are A Danger To Themselves Or Others

A due process hearing may be requested by a person in parental relation of a student with a disability who disagrees with a disciplinary placement or manifestation determination, or by the District if the District believes that the current placement is substantially likely to result in injury to the student or others. On appeal, or when the District requests a due process hearing, the hearing officer may return the student to the placement from which the student was removed or order the student’s removal to an appropriate interim alternative educational setting.
for up to forty-five (45) school days if the hearing officer determines that maintaining the student’s current placement is substantially likely to result in an injury to the student or others.

Placement during appeals of disciplinary actions shall be in the interim alternative educational setting pending the decision of the hearing officer or expiration of the time period set for the disciplinary exclusion from the student’s regular placement unless the District and the person in parental relation agree otherwise.

Students Not Identified As Disabled/Pending Evaluation

Students who have not been identified as disabled may be subject to the same disciplinary measures applied to students without disabilities if the District did not have knowledge of the disability. If a request for evaluation is made during the period the student is subject to disciplinary measures, the evaluation shall be expedited.

Administrative Removal To Interim Alternative Educational Setting For Certain Infractions

School personnel may remove a student with a disability, including intellectual disability, to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student’s disability if the student:

1. Carries a weapon to or possesses a weapon at school, on school property, or at school functions under the jurisdiction of the District. For purposes of this provision, weapon is defined as a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than two and one-half (2 ½) inches in length.
### POLICY NO. 113.2
### DISCIPLINE OF STUDENTS WITH DISABILITIES

2. Knowingly possesses or uses illegal drugs, as defined by law, or sells or solicits the sale of a controlled substance, as defined by law, while at school, on school property, or at school functions under the jurisdiction of the District. 

3. Has inflicted serious bodily injury upon another person while at school, on school property, or at school functions under the jurisdiction of the District. For purposes of this provision, **serious bodily injury** means bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

#### Referral To Law Enforcement and Reporting Requirements

For reporting purposes, the term **incident** shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a student with a disability, including a student for whom an evaluation is pending, to the local police department that has jurisdiction over the school’s property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies. The Superintendent or designee shall respond to such incidents in accordance with the district’s Special Education Plan and, if applicable, the procedures, methods and techniques defined in the student’s **Positive Behavior Support Plan**.
