

COVID-19 Quarantine Flowchart

Are you staff or a student?

Fully vaccinated are those who are:

- Ages 18 or older and have received all **recommended vaccine doses**, including booster and **additional primary shots** for some immunocompromised people.
- You are ages 5-17 years and completed the **primary series** of COVID-19 vaccines.
- You had confirmed COVID-19 within the last 90 days (you tested positive using a **viral test**.)

**A person is considered a close contact if they were within 6 feet of an infectious person for 15 consecutive minutes or more in an indoor setting with or without a mask.

Exception: In the K-12 indoor classroom setting, the close contact definition excludes students who were within 3 to 6 feet of an infected student (laboratory-confirmed or a clinically compatible illness) if both the infected student and the exposed student(s) correctly and consistently wore well-fitting masks the entire time.
