4. Curriculum and programs for grades K-12 that are designed to educate students about proper nutrition and lifelong physical activity in accordance with State Board of Education Curriculum Regulations and Academic Standards.

Section 3  Delegation of Responsibility

The Superintendent or designee shall be responsible for the implementation and oversight of this policy to ensure each of the District schools, programs and curriculum to ensure compliance with this policy, related policies and established guidelines or administrative regulations.

Each building principal or designee shall annually report to the Superintendent or designee regarding compliance in his/her school.

Staff members responsible for programs related to student wellness shall report to the Superintendent or designee regarding the status of such programs.

The Superintendent or designee shall annually, in June, report to the Board on the District's compliance with law and policies related to student wellness. The report may include:

1. Assessment of school environment regarding student wellness issues.

2. Evaluation of food services program.

3. Review of all foods and beverages sold in schools for compliance with established nutrition guidelines.

4. Listing of activities and programs conducted to promote nutrition and physical activity.

5. Recommendations for policy and/or program revisions.

6. Suggestions for improvement in specific areas.

7. Feedback received from District staff, students,
POLICY NO. 246

parents/guardians, community members and the
Wellness Committee.

The Superintendent or designee and the established Wellness
Committee shall conduct an assessment at least once every three
(3) years on the contents and implementation of this policy as
part of a continuous improvement process to strengthen the
policy and ensure implementation. This triennial assessment
shall be made available to the public in an accessible and easily
understood manner and include:

1. The extent to which each district school is in compliance
   with law and policies related to school wellness.

2. The extent to which this policy compares to model
   wellness policies.

3. A description of the progress made by the District in
   attaining the goals of this policy.

At least once every three (3) years, the District shall update or
modify this policy as needed, based on the results of the most
recent triennial assessment and/or as district and community
needs and priorities change; wellness goals are met; new health
science, information and technologies emerge; and new federal
or state guidance or standards are issued.

The District shall annually inform and update the public,
including parents/guardians, students, and others in the
community, about the contents, updates and implementation of
this policy via the district website, student handbooks,
newsletters, posted notices and/or other efficient communication
methods. This annual notification shall include information on
how to access the School Wellness policy; information about the
most recent triennial assessment; information on how to
participate in the development, implementation and periodic
review and update of the School Wellness policy; and a means
of contacting Wellness Committee leadership.

An assurance that District guidelines for reimbursable meals are
not less restrictive than regulations and guidelines issued for
schools in accordance with federal law shall be provided
annually by the Director of Fiscal Services in consultation with

Guidelines

Recordkeeping

The District shall retain records documenting compliance with the requirements of the School Wellness policy, which shall include:

1. The written School Wellness policy.

2. Documentation demonstrating that the District has informed the public, on an annual basis, about the contents of the School Wellness policy and any updates to the policy.

3. Documentation of efforts to review and update the School Wellness policy, including who is involved in the review and methods used by the District to inform the public of their ability to participate in the review.

4. Documentation demonstrating the most recent assessment on the implementation of the School Wellness policy and notification of the assessment results to the public.

Wellness Committee

The District Board shall establish a Wellness Committee comprised of, but not limited to, at least one (1) of each of the following: School Board member, District administrator, District food service representative, student, parent/guardian, school health professional, physical education teacher, and member of the public, school nurse and coach. It shall be the goal that committee membership will include representatives from each school building and reflect the diversity of the community.

The Wellness Committee shall serve as an advisory committee regarding student health issues and shall be responsible for implementing, periodically reviewing and suggesting revisions to developing a Student Wellness Policy that complies with law

7 CFR 210.31, 210.15

42 U.S.C. 1758b
to recommend to the Board for adoption.

The Wellness Committee shall review and consider evidence-based strategies and techniques in establishing goals for nutrition education and promotion, physical activity and other school-based activities that promote student wellness as part of the policy development and revision process.

The Wellness Committee may examine related research and laws, assess student needs and the current school environment, review existing Board policies and administrative regulations and raise awareness about student health issues. The Wellness Committee may make policy recommendations to the Board related to other health issues necessary to promote student wellness.

The Wellness Committee may survey parents/guardians and/or students; conduct community forums or focus groups; collaborate with appropriate community agencies and organizations; and engage in similar activities within the budget established for these purposes.

The Wellness Committee shall provide periodic reports to the Superintendent or designee regarding the status of its work as required.

Nutrition Education

The goal of nutrition education is to teach, encourage and support healthy eating by students. Promoting student health and nutrition enhances readiness for learning and increases student achievement.

Nutrition education will be provided within the sequential, comprehensive health education program in accordance with State Board of Education Curriculum Regulations and the Academic Standards for Health, Safety and Physical Education, and Family and Consumer Sciences.

Nutrition education in the District shall teach, model, encourage and support healthy eating by all students with the knowledge and skills needed to lead healthy lives. Promoting student health and nutrition enhances readiness for learning and increases student achievement.
POLICY NO. 246
STUDENT WELLNESS

Nutrition education shall provide all students with the knowledge and skills needed to lead healthy lives.

Nutrition education lessons and activities shall be age-appropriate.

Nutrition curriculum shall teach behavior-focused skills, which may include menu planning, reading nutrition labels and media awareness.

School food service and nutrition education classes shall cooperate to create a learning laboratory.

Nutrition education shall be integrated into other subjects’ curriculum to complement but not replace academic standards based on nutrition education.

Lifelong lifestyle balance shall be reinforced by linking nutrition education and physical activity.

The staff responsible for providing nutrition education shall be properly trained and prepared and shall participate in appropriate professional development. The District shall develop standards for such training and professional development. Criteria shall be developed to measure "properly" and "appropriate."

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.
Nutrition education shall extend beyond the school environment by engaging and involving families and the community.
Consistent nutrition messages shall be disseminated throughout the District, schools, classrooms, cafeterias, homes, community and media.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating good environments that encourage healthy nutrition choices and encourage participation in school meal programs.
POLICY NO. 246
STUDENT WELLNESS

District schools shall promote nutrition through the implementation of Farm to School activities, where possible. Activities may include, but not limited to, the initiation/maintenance of school gardens, taste-testing of local products in the cafeteria and classroom, classroom education about local agriculture and nutrition, field trips to local farms and incorporation of local foods into school meal programs.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

District food service personnel shall review and implement research-based, behavioral economics techniques in the cafeteria to encourage consumption of more whole grains, fruits, vegetables and legumes, and to decrease plate waste.

Consistent nutrition messages shall be disseminated and displayed throughout the District, schools, classrooms, cafeterias, homes, community and media.

Consistent nutrition messages shall be demonstrated by avoiding use of unhealthy food items in classroom lesson plans and school staff avoiding eating less healthy food items in front of students.

District schools shall offer resources about health and nutrition to encourage parents/guardians to provide healthy meals for their children.

Physical Activity

District schools shall strive to provide opportunities for developmentally appropriate physical activity during the school day for all students.

District schools shall determine how they will contribute to the effort to provide students opportunities to accumulate at least sixty (60) minutes of age-appropriate physical activity daily, as recommended by the Centers for Disease Control and Prevention on all or most days of the week. Opportunities offered at school will augment that time will include physical

Physical Education

A sequential physical education program consistent with State Board of Education Curriculum Regulations and Health, Safety and Physical Education Academic Standards shall be developed and implemented. All students will participate at least annually in physical education in grades K-8. At the High School level, students must complete the required number of Physical Education credits in order to graduate.

Quality physical education instruction that promotes lifelong physical activity and provides instruction in the skills and knowledge necessary for lifelong participation shall be provided.

Physical education classes shall be the means through which all students learn, practice and are assessed on developmentally appropriate skills and knowledge necessary for lifelong, health-enhancing physical activity.

A comprehensive physical education course of study that focuses on providing students the skills, knowledge and confidence to participate in lifelong, health-enhancing physical activity shall be implemented.

A varied and comprehensive curriculum that promotes both team and individual activities and leads to students becoming and remaining physically active for a lifetime shall be provided in the physical education program.

Adequate amounts of planned instruction shall be provided in order for students to achieve the proficient level for the Health, Safety and Physical Education Academic Standards.

Students shall be moderately to vigorously active as much time as possible during a physical education class. Documented medical conditions and disabilities shall be accommodated during class.

Safe and adequate equipment, facilities and resources shall be provided for physical education courses.

Physical education shall be taught by certified health and

physical education teachers.

Appropriate professional development shall be provided for physical education staff.

Physical education classes shall have a teacher-student ratio comparable to those of other courses.

Physical activity shall not be used or withheld solely as a form of punishment.

Other School Based Activities

Safe drinking water shall be available and accessible to students, without restriction and at no cost to the student, at all meal periods and throughout the school day.

Nutrition professionals who meet hiring criteria established by the District and in compliance with federal regulations shall administer the school meals program. Professional development and continuing education shall be provided for district nutrition staff, as required by federal regulations.

District schools shall provide adequate space, as defined by the District, for eating and serving school meals.

Students shall be provided a clean and safe meal environment.

Students shall be provided adequate time to eat: a minimum of ten (10) minutes sit down time for breakfast; a minimum of twenty (20) minutes sit down time for lunch.

Meal periods shall be scheduled at appropriate hours, as required by federal regulations and as defined by the District.

Drinking water shall be available at all meal periods and throughout the school day.

-Students shall have access to hand washing or sanitizing before meals and snacks.

Access to the food service operation shall be limited to authorized staff.
POLICY NO. 246
STUDENT WELLNESS

Nutrition content of school meals shall be available to students and parents/guardians upon request.

Students and parents/guardians may be involved in menu selections through various means, such as taste testing and surveys.

Nutrition professionals who meet criteria established by the District shall administer the school meals program.

Professional development shall be provided for District nutrition staff.

To the extent possible, the District shall utilize available funding and outside programs to enhance student wellness.

Food shall not be used in the schools as a reward or punishment.

The District shall provide appropriate training to all staff on the components of the Student Wellness Policy.

Goals of the Student Wellness Policy shall be considered in planning all school based activities.

Fundraising projects submitted for approval that occur during school hours shall be supportive of healthy eating and student wellness.

Administrators, teachers, food service personnel, students, parents/guardians and community members shall be encouraged to serve as positive role models through District programs, communications and outreach efforts.

The District shall support the efforts of parents/guardians to provide a healthy diet and daily physical activity for children by communicating relevant information through various methods as appropriate.

The District shall maintain a healthy school environment to optimize conditions for learning and minimize potential health risks to students, in accordance with the district’s school environmental health program and applicable laws and
POLICY NO. 246
STUDENT WELLNESS

Nutrition Guidelines for All Foods/Beverages at School

All foods and beverages available in District schools during the school day shall be offered to students with consideration for promoting student health and reducing childhood obesity.

Foods and beverages provided through the National School Lunch or School Breakfast Programs shall comply with established federal nutrition standards under the School Meals Initiative.

Foods and beverages offered or sold at school-sponsored events outside the school day, such as athletic events and dances, shall be encouraged to offer healthy alternatives in addition to more traditional fare.

Competitive Foods –

All competitive foods available for sale to students in District schools provided by the District shall meet or exceed comply with the established deferral nutrition standards (USDA Smart Snacks in School) Nutritional Standards for Competitive Foods in Pennsylvania Schools. These standards shall apply in all locations and through all services where foods and beverages are sold to students, which may include, but are not limited to: a la carte options in cafeterias, vending machines, school stores, snack carts and fundraisers. The nutritional standards shall be implemented as a three (3) year plan.

Competitive foods are defined as foods and beverages offered or sold to students on school campus during the school day, which are not part of the reimbursable at school other than through the National School Lunch or School Breakfast Programs and include a la carte foods, snacks and beverages; vending food, snacks and beverages; school store food, snacks and beverages; fundraisers; classroom parties; holiday celebrations; and food from home.

For purposes of this policy, school campus means any area of property under the jurisdiction of the school that students may access during the school day.

## POLICY NO. 246

### STUDENT WELLNESS

For purposes of this policy, **school day** means the period from midnight before school begins until thirty (30) minutes after the end of the official school day.

The District may impose additional restrictions on competitive foods, provided that the restrictions are not inconsistent with federal requirements.

**All competitive foods available to students in District schools shall comply with the established nutrition guidelines, as listed in the Student Wellness Plan; administrative regulations; guidelines; and procedures.**

### Fundraiser Exemptions -

Fundraising activities held during the school day involving the sale of competitive foods shall be limited to foods that meet the Smart Snacks in School nutrition standards, unless an exemption is approved in accordance with applicable Board policy and administrative regulations.

The District may allow a limited number of exempt fundraisers as permitted by the Pennsylvania Department of Education each school year: up to five (5) exempt fundraisers in elementary and middle school buildings, and up to ten (10) exempt fundraisers in high school buildings. **Exempt fundraisers** are fundraisers in which competitive foods are available for sale to students that do not meet the Smart Snacks in School nutrition standards.

The District shall establish administrative regulations to implement fundraising activities in district schools, including procedures for requesting a fundraiser exemption.

### Non-Sold Competitive Foods -

Non-sold competitive foods available to students, which may include but are not limited to foods and beverages offered as rewards and incentives, at classroom parties and celebrations, or as shared classroom snacks, shall meet or exceed the standards established by the District.

If the offered competitive foods do not meet or exceed the Smart Snacks in School nutrition standards, they must comply with the nutritional standards and guidelines established by the District.

**KEYSTONE OAKS SCHOOL DISTRICT**

**Policy Guide**

**POLICY NO. 246  
STUDENT WELLNESS**

### Section 1: Purpose

The Keystone Oaks School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and promotion, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement and a student’s long-term health and well-being.

### Section 2: Authority

The Board adopts this policy based on the recommendations of the Wellness Committee and in accordance with federal and state laws and regulations.

To ensure the health and well-being of all students, the Board establishes that the District shall provide to students:

1. A comprehensive nutrition program consistent with federal and state requirements.

2. Access at reasonable cost to foods and beverages that meet established nutritional guidelines.

3. Physical education courses and opportunities for developmentally appropriate physical activity during the school day.
POLICY NO. 246
STUDENT WELLNESS

4. Curriculum and programs for grades K-12 that are designed to educate students about proper nutrition and lifelong physical activity in accordance with State Board of Education Curriculum Regulations and Academic Standards.

Section 3  Delegation of Responsibility

The Superintendent or designee shall be responsible for the implementation and oversight of this policy to ensure each of the District schools, programs and curriculum to ensure compliance with this policy, related policies and established guidelines or administrative regulations.

Each building principal or designee shall annually report to the Superintendent or designee regarding compliance in his/her school.

Staff members responsible for programs related to student wellness shall report to the Superintendent or designee regarding the status of such programs.

The Superintendent or designee shall annually, in June, report to the Board on the District's compliance with law and policies related to student wellness. The report may include:

1. Assessment of school environment regarding student wellness issues.
2. Evaluation of food services program.
3. Review of all foods and beverages sold in schools for compliance with established nutrition guidelines.
4. Listing of activities and programs conducted to promote nutrition and physical activity.
5. Recommendations for policy and/or program revisions.
6. Suggestions for improvement in specific areas.
7. Feedback received from District staff, students,
| POLICY NO. 246  
STUDENT WELLNESS |

| parents/guardians, community members and the  
Wellness Committee. |

The Superintendent or designee and the established Wellness Committee shall conduct an assessment at least once every three (3) years on the contents and implementation of this policy as part of a continuous improvement process to strengthen the policy and ensure implementation. This triennial assessment shall be made available to the public in an accessible and easily understood manner and include:

1. The extent to which each district school is in compliance with law and policies related to school wellness.

2. The extent to which this policy compares to model wellness policies.

3. A description of the progress made by the District in attaining the goals of this policy.

At least once every three (3) years, the District shall update or modify this policy as needed, based on the results of the most recent triennial assessment and/or as district and community needs and priorities change; wellness goals are met; new health science, information and technologies emerge; and new federal or state guidance or standards are issued.

The District shall annually inform and update the public, including parents/guardians, students, and others in the community, about the contents, updates and implementation of this policy via the district website, student handbooks, newsletters, posted notices and/or other efficient communication methods. This annual notification shall include information on how to access the School Wellness policy; information about the most recent triennial assessment; information on how to participate in the development, implementation and periodic review and update of the School Wellness policy; and a means of contacting Wellness Committee leadership.

An assurance that District guidelines for reimbursable meals are not less restrictive than regulations and guidelines issued for schools in accordance with federal law shall be provided annually by the Director of Fiscal Services in consultation with

Guidelines

Recordkeeping

The District shall retain records documenting compliance with the requirements of the School Wellness policy, which shall include:

1. The written School Wellness policy.

2. Documentation demonstrating that the District has informed the public, on an annual basis, about the contents of the School Wellness policy and any updates to the policy.

3. Documentation of efforts to review and update the School Wellness policy, including who is involved in the review and methods used by the District to inform the public of their ability to participate in the review.

4. Documentation demonstrating the most recent assessment on the implementation of the School Wellness policy and notification of the assessment results to the public.

Wellness Committee

The District Board shall establish a Wellness Committee comprised of, but not limited to, at least one (1) of each of the following: School Board member, District administrator, District food service representative, student, parent/guardian, school health professional, physical education teacher, and member of the public, school nurse and coach. It shall be the goal that committee membership will include representatives from each school building and reflect the diversity of the community.

The Wellness Committee shall serve as an advisory committee regarding student health issues and shall be responsible for implementing, periodically reviewing and suggesting revisions to developing a Student Wellness Policy that complies with law

7 CFR 210.31, 210.15

42 U.S.C. 1758b
to recommend to the Board for adoption.

The Wellness Committee shall review and consider evidence-based strategies and techniques in establishing goals for nutrition education and promotion, physical activity and other school-based activities that promote student wellness as part of the policy development and revision process.

The Wellness Committee may examine related research and laws, assess student needs and the current school environment, review existing Board policies and administrative regulations and raise awareness about student health issues. The Wellness Committee may make policy recommendations to the Board related to other health issues necessary to promote student wellness.

The Wellness Committee may survey parents/guardians and/or students; conduct community forums or focus groups; collaborate with appropriate community agencies and organizations; and engage in similar activities within the budget established for these purposes.

The Wellness Committee shall provide periodic reports to the Superintendent or designee regarding the status of its work as required.

Nutrition Education

The goal of nutrition education is to teach, encourage and support healthy eating by students. Promoting student health and nutrition enhances readiness for learning and increases student achievement.

Nutrition education will be provided within the sequential, comprehensive health education program in accordance with State Board of Education Curriculum Regulations and the Academic Standards for Health, Safety and Physical Education, and Family and Consumer Sciences.

Nutrition education in the District shall teach, model, encourage and support healthy eating by all students with the knowledge and skills needed to lead healthy lives. Promoting student health and nutrition enhances readiness for learning and increases student achievement.
POLICY NO. 246
STUDENT WELLNESS

Nutrition education shall provide all students with the knowledge and skills needed to lead healthy lives.

Nutrition education lessons and activities shall be age-appropriate.

Nutrition curriculum shall teach behavior-focused skills, which may include menu planning, reading nutrition labels and media awareness.

School food service and nutrition education classes shall cooperate to create a learning laboratory.

Nutrition education shall be integrated into other subjects’ curriculum to complement but not replace academic standards based on nutrition education.

Lifelong lifestyle balance shall be reinforced by linking nutrition education and physical activity.

The staff responsible for providing nutrition education shall be properly trained and prepared and shall participate in appropriate professional development. The District shall develop standards for such training and professional development. Criteria shall be developed to measure "properly" and "appropriate."

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

Nutrition education shall extend beyond the school environment by engaging and involving families and the community.

Consistent nutrition messages shall be disseminated throughout the District, schools, classrooms, cafeterias, homes, community and media.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating good environments that encourage healthy nutrition choices and encourage participation in school meal programs.
District schools shall promote nutrition through the implementation of Farm to School activities, where possible. Activities may include, but not limited to, the initiation/maintenance of school gardens, taste-testing of local products in the cafeteria and classroom, classroom education about local agriculture and nutrition, field trips to local farms and incorporation of local foods into school meal programs.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

District food service personnel shall review and implement research-based, behavioral economics techniques in the cafeteria to encourage consumption of more whole grains, fruits, vegetables and legumes, and to decrease plate waste.

Consistent nutrition messages shall be disseminated and displayed throughout the District, schools, classrooms, cafeterias, homes, community and media.

Consistent nutrition messages shall be demonstrated by avoiding use of unhealthy food items in classroom lesson plans and school staff avoiding eating less healthy food items in front of students.

District schools shall offer resources about health and nutrition to encourage parents/guardians to provide healthy meals for their children.

Physical Activity

District schools shall strive to provide opportunities for developmentally appropriate physical activity during the school day for all students.

District schools shall determine how they will contribute to the effort to provide students opportunities to accumulate at least sixty (60) minutes of age-appropriate physical activity daily, as recommended by the Centers for Disease Control and Prevention on all or most days of the week. Opportunities offered at school will augment That time will include physical

activity outside the school environment, such as outdoor play at home, sports, etc.

Students shall participate in a variety of age-appropriate physical activities designed to achieve optimal health, wellness, fitness and performance benefits to maximum extent possible.

Age-appropriate physical activity opportunities, such as outdoor and indoor recess, before and after school programs, during lunch, clubs, intramurals and interscholastic athletics, shall be provided to meet the needs and interests of all students in addition to planned physical education.

A physical and social environment that encourages safe and enjoyable activity for all students shall be maintained.

Extended periods of student inactivity, two (2) hours or more, shall be discouraged.

Physical activity breaks shall be provided for elementary students during classroom hours to the maximum extent possible.

Before and/or after-school programs shall provide developmentally appropriate physical activity for participating children.

District schools shall partner with parents/guardians and community members organizations to institute programs that support life-long physical activity.

Physical activity shall not be used or withheld as a form of punishment.

District schools shall promote physical activity through encouragement of walking and biking as a means of transportation to and from school.

Students and the community shall be encouraged to utilize district-owned physical activity facilities, such as playgrounds and fields, outside school hours in accordance with established consistent with district rules and policy.
POLICY NO. 246
STUDENT WELLNESS

Physical Education

A sequential physical education program consistent with State Board of Education Curriculum Regulations and Health, Safety and Physical Education Academic Standards shall be developed and implemented. All students will participate at least annually in physical education in grades K-8. At the High School level, students must complete the required number of Physical Education credits in order to graduate.

Quality physical education instruction that promotes lifelong physical activity and provides instruction in the skills and knowledge necessary for lifelong participation shall be provided.

Physical education classes shall be the means through which all students learn, practice and are assessed on developmentally appropriate skills and knowledge necessary for lifelong, health-enhancing physical activity.

A comprehensive physical education course of study that focuses on providing students the skills, knowledge and confidence to participate in lifelong, health-enhancing physical activity shall be implemented.

A varied and comprehensive curriculum that promotes both team and individual activities and leads to students becoming and remaining physically active for a lifetime shall be provided in the physical education program.

Adequate amounts of planned instruction shall be provided in order for students to achieve the proficient level for the Health, Safety and Physical Education Academic Standards.

Students shall be moderately to vigorously active as much time as possible during a physical education class. Documented medical conditions and disabilities shall be accommodated during class.

Safe and adequate equipment, facilities and resources shall be provided for physical education courses.

Physical education shall be taught by certified health and

Nutrition content of school meals shall be available to students and parents/guardians upon request.

Students and parents/guardians may be involved in menu selections through various means, such as taste testing and surveys.

Nutrition professionals who meet criteria established by the District shall administer the school meals program.

Professional development shall be provided for District nutrition staff.

To the extent possible, the District shall utilize available funding and outside programs to enhance student wellness.

Food shall not be used in the schools as a reward or punishment.

The District shall provide appropriate training to all staff on the components of the Student Wellness Policy.

Goals of the Student Wellness Policy shall be considered in planning all school based activities.

Fundraising projects submitted for approval that occur during school hours shall be supportive of healthy eating and student wellness.

Administrators, teachers, food service personnel, students, parents/guardians and community members shall be encouraged to serve as positive role models through District programs, communications and outreach efforts.

The District shall support the efforts of parents/guardians to provide a healthy diet and daily physical activity for children by communicating relevant information through various methods as appropriate.

The District shall maintain a healthy school environment to optimize conditions for learning and minimize potential health risks to students, in accordance with the district’s school environmental health program and applicable laws and regulations.
# POLICY NO. 246
## STUDENT WELLNESS

### Nutrition Guidelines for All Foods/Beverages at School

All foods and beverages available in District schools during the school day shall be offered to students with consideration for promoting student health and reducing childhood obesity.

Foods and beverages provided through the National School Lunch or School Breakfast Programs shall comply with established federal nutrition standards under the School Meals Initiative.

Foods and beverages offered or sold at school-sponsored events outside the school day, such as athletic events and dances, shall be encouraged to offer healthy alternatives in addition to more traditional fare.

### Competitive Foods

All competitive foods available for sale to students in District schools provided by the District shall meet or exceed the established deferral nutrition standards (USDA Smart Snacks in School) Nutritional Standards for Competitive Foods in Pennsylvania Schools. These standards shall apply in all locations and through all services where foods and beverages are sold to students, which may include, but are not limited to: a la carte options in cafeterias, vending machines, school stores, snack carts and fundraisers. The nutritional standards shall be implemented as a three (3) year plan.

Competitive foods are defined as foods and beverages offered or sold to students on school campus during the school day, which are not part of the reimbursable at school other than through the National School Lunch or School Breakfast Programs and include a la carte foods, snacks and beverages; vending food, snacks and beverages; school store food, snacks and beverages; fundraisers; classroom parties; holiday celebrations; and food from home.

For purposes of this policy, school campus means any area of property under the jurisdiction of the school that students may access during the school day.

### STUDENT WELLNESS

For purposes of this policy, **school day** means the period from midnight before school begins until thirty (30) minutes after the end of the official school day.

The District may impose additional restrictions on competitive foods, provided that the restrictions are not inconsistent with federal requirements.

**All competitive foods available to students in District schools shall comply with the established nutrition guidelines, as listed in the Student Wellness Plan; administrative regulations; guidelines; and procedures.**

### Fundraiser Exemptions -

Fundraising activities held during the school day involving the sale of competitive foods shall be limited to foods that meet the Smart Snacks in School nutrition standards, unless an exemption is approved in accordance with applicable Board policy and administrative regulations.

The District may allow a limited number of exempt fundraisers as permitted by the Pennsylvania Department of Education each school year: up to five (5) exempt fundraisers in elementary and middle school buildings, and up to ten (10) exempt fundraisers in high school buildings. **Exempt fundraisers** are fundraisers in which competitive foods are available for sale to students that do not meet the Smart Snacks in School nutrition standards.

The District shall establish administrative regulations to implement fundraising activities in district schools, including procedures for requesting a fundraiser exemption.

approved by the Board, in accordance with provisions of law. Existing contracts shall be reviewed and modified to the extent feasible to ensure compliance with established federal nutrition standards, including applicable marketing restrictions.

**Management of Food Allergies in District Schools**

The District shall establish Board policy and administrative regulations to address food allergy management in district schools in order to:

1. Reduce and/or eliminate the likelihood of severe or potentially life-threatening allergic reactions.

2. Ensure a rapid and effective response in case of a severe or potentially life-threatening allergic reaction.

3. Protect the rights of students by providing them, through necessary accommodations when required, the opportunity to participate fully in all school programs and activities.

**Safe Routes To School**

The District shall assess and, to the extent possible, implement improvements to make walking and biking to school safer and easier for students.

The District shall cooperate with local municipalities, public safety agency, police departments and community organizations to develop and maintain safe routes to school.

District administrators shall seek and utilize available federal and state funding for safe routes to school, when appropriate.
