STUDENT RECORDS

Section 1  Purpose

The educational interests of students require the collection, retention, and use of data and information about individuals and groups of students while ensuring the individual's right to privacy. The school district will maintain educational records for Students for legitimate educational purposes.

The Board recognizes a student’s right to privacy in the collection, maintenance and dissemination of records. The Board believes that student files should contain only information necessary for the effective performance of designated educational functions or as required by law. Information from student files should be released only under controlled circumstances and only when the release will benefit the student, his or her family or professional research, or when required by law.

This policy incorporates provisions from various, relevant federal regulations (34 CFR 300.572; 300.560; 300.529), and the Family Educational Rights and Privacy Act of 1974 (34 CFR Part 99) (FERPA). The fundamental principle that no information other than directory information should be released regarding a student without the prior informed consent of the child and/or his/her parents shall be observed at all times.
# POLICY NO. 216
## STUDENT RECORDS

It is the objective of this policy to:

1. Protect the students' rights to privacy and to protect both students and their families from exploitation.

2. Assure that the welfare of each individual student, the maintenance of information for the effective performance of designated educational functions and compliance with applicable laws are the only criteria used in collecting, maintaining and releasing information held in student files.

3. Comply with applicable law and to identify and outline the process by which parents/guardians are notified of their rights under FERPA and PPRA.

4. Address specific privacy issues.

A copy of this policy can be found on the district website and is available during normal business hours in the district Business Office.

If a parent/guardian or eligible student does not consent to the automatic release of directory information, the parent/guardian or eligible student must, on an annual basis, sign a form opting-out of the automatic release of any directory information. It is the parent/guardian’s or eligible student’s responsibility to resubmit this form on an annual basis.

The opt-out form will be attached to this policy and will be made available on the district website and in district publications.

## Section 2
### Authority

Section 3
Definitions

FERPA – The Family Educational Rights and Privacy Act

FERPA is the federal law protecting the privacy of student education records and parents’ access rights to those records. Generally, education agencies and institutions that receive federal funds cannot disclose personal identifiable information from a students’ education record without parental consent. FERPA permits certain non-confidential, directory, information, to be released to outside agencies without parental/guardian or student consent.

PPRA – The Protection of Pupils Rights Act

PPRA requires schools to obtain parents’ written consent before administering federally funded surveys that might reveal certain private information about the student. A school must provide to parents an annual notice of the types of student directory information that is released publicly.

Education Records – Records (1) directly related to a student and (2) maintained by an educational agency or institution or by a party acting for the agency or institution. Education records include:

a. Date and place of birth, parent(s) and/or guardian(s) addresses, and where parents/guardians can be contacted in emergencies.

2. Courses external to the core curriculum must have a minimum enrollment of twelve (12) students by June 1 or the course will not be offered.

3. Requests for exemption from numerical enrollment requirements must be made by the building principal to the Superintendent and Board for review and approval at the June Board Legislative Meeting.

4. In the event that a course is not offered due to insufficient enrollment, the guidance-counseling staff shall advise and schedule students in alternate courses.
