A student shall not receive a failing grade or a change of two (2) letter grades without prior parental/guardian contact by the individual teacher. Contact shall be made via personal phone call, email or letter. If no response is received from the parent/guardian, the teacher shall involve the guidance counselor and a registered letter shall be sent.  

A written progress report may also be issued if student performance is further characterized by:  

1. Failure to complete homework assignments; or  
2. Exhibiting poor work habits or improper behavior in the classroom; or failure to attend class on a regular basis.  

A written progress report may be sent home **for any of the above reasons** **at any time** during the report period.  

Written progress reports shall be indicated on the comment section of the report card each nine (9) -week grading period.
A teacher-initiated phone call or parent/guardian conference shall occur if a pattern of student deficiency is evident by the second report period. The teacher shall initiate a plan to address the student’s needs with the advice and assistance of the school counselor and parents/guardians.

The high school principal will notify the parents/guardians of any student who is in danger of failing a required course for graduation. The notification will take place after the first semester and a parent/guardian meeting will be encouraged.

If the student is a senior and is in jeopardy of not graduating, a personal or phone conference between the parent/guardian, teacher, and counselor, if needed, must be held. Written progress reports should also be provided whenever deemed appropriate by the teacher as a reward for achievement.

Review and evaluation of methods of reporting student progress to parents/guardians shall be conducted on a periodic basis.

POLICY NO. 219
STUDENT COMPLAINT PROCESS

Section 1 Purpose
The Board recognizes that students have the right to request redress of complaints. Further, the Board believes that the inculcation of respect for established lawful procedures is an important part of the educational process. Accordingly, individual and group complaints will be recognized and appropriate appeal procedures shall be provided.

Section 2 Definition
For purposes of this policy, a student complaint shall be one that arises from actions that directly affect the student’s participation in an approved district educational program.

Section 3 Authority
The Board and its employees will recognize the complaints of the students of this District provided that such complaints are submitted according to the guidelines established by Board policy.

Section 4 Guidelines
Complaints shall be resolved as closely as possible to their source and follow the chain of command. For example, the parent/guardian or student shall first meet with the teacher if an instructional concern is involved.

If a curriculum concern is involved, the parent/guardian/student shall first meet with the building principal. If the parent/guardian/student is not satisfied with the outcome of the meeting with the principal, the parent/guardian/student must provide the complaint in writing. After meeting with the building principal, the principal shall respond to the
POLICY NO. 219
STUDENT COMPLAINT PROCESS

complainant in writing, as well.

If a satisfactory resolution cannot be obtained at the immediate level, the complainant shall bring the matter to the attention of the next level of authority.

The student should first make the complaint known to the staff member most closely involved or, if none is identifiable, to the guidance counselor; and both shall attempt to resolve the issue informally and directly.

For complaints which must move beyond the first step, the student shall prepare a written statement of the complaint, which shall set forth the specific nature of the complaint and a brief statement of the facts giving rise to it.

1. Specific nature of the complaint and a brief statement of relevant facts.

2. Manner and extent to which the student believes s/he has been adversely affected.

3. Relief sought by the student.

4. Reasons why the student feels entitled to relief sought.

The appropriate school district administrator will review the written complaint, and where appropriate, schedule a meeting with the individual or group to hear the concerns, or to obtain additional information.

The complaint then may be submitted, in turn, to the building principal, the Superintendent, and the Board with a suitable period of time allowed at each level for hearing of the complaint and preparation of a response. At each administrative level, the school district administrator will provide written finding(s) or recommendation(s) to the individual or group involved. A copy of all school district administrative correspondence with regard to a complaint or concern will be forwarded to the Superintendent’s office to be placed on file.

If an individual or group has met with both the building level principal and the Superintendent, and feels that the matter of concern is a violation of School District Policy or law, then the individual or group may request a review by a committee of the Board of School Directors.

A committee consisting of three (3) disinterested members of the Board of School Directors will review the written complaint which cites the specific Board Policy or law, and the finding(s) or recommendation(s) of the building level principal and that of the
POLICY NO. 219
STUDENT COMPLAINT PROCESS

Superintendent.

At each level, the student shall be afforded the opportunity to be heard personally by the school authority.

After review the committee of the Board of School Directors may:

1. Decide to uphold the findings or recommendations of the Administration.

2. Refer the matter back to the Superintendent for further review.

3. Conduct an informal hearing. In the case of an informal hearing, the committee will present its finding(s) or recommendation(s) to the full Board.

The Board is under no obligation to issue any type of report of findings to the complainant.

At each step beyond the first, the school authority hearing the complaint may contact the student’s parent/guardian.

The student may seek the help of a parent or a guardian at any step.

School Code – 24 P.S. 510
Section 1  Purpose

It is the policy of the Keystone Oaks School District to provide for students’ needs for a healthy breakfast/lunch whenever possible. However, due to students who arrive in the cafeteria without appropriate payment it is necessary to implement consistent meal account procedures throughout the District in order to maintain a balance between the financial integrity of the Food Service Program and the needs of the students.

In implementing this policy, the District shall:

1. Ensure that all students have a healthy meal and that no child goes hungry.
2. Treat all students with dignity and confidentiality in the serving line regarding meal accounts.
3. Support positive and clear communication among staff, administrators, teachers, students and parents/guardians.
4. Encourage parent/guardian to assume the responsibility of meal payments and to promote self-responsibility of the student.

The Food Service Department is responsible for maintaining charge records and notifying the parents/guardians of outstanding balances by means of phone calls and messages, written documentation, or any other reasonable means of communication.

Principals have the responsibility for monitoring the food service balances of students in their building and will collaborate with the Food Service Director when debt exceeds a certain amount. Principals will contact parents/guardians when initial notifications are not responded to via phone call and written notification.

#### Section 3
**Guidelines**

Students shall not be denied a meal regardless of status or account balance.

Parent(s)/guardian(s) are responsible for ensuring that students have the appropriate form of payment for their meal. Where a student comes through the serving line without the appropriate form of payment, the District will utilize the following procedures:

- **a.** Meal charges per school year will be allowed up to the cost of two (2) reimbursable meals. Charges will be limited to a reimbursable meal chosen by the cafeteria, and no charging will be allowed for any a la carte items.

- **b.** In the event a student account has reached this maximum and the student has no money and requires a meal, the meal will be provided as deemed appropriate by the Food Service Director. The cost will be added to the pre-existing debt.

- **c.** After two (2) charged meals, parent(s)/guardians(s) will be notified that charges are accruing and parent(s)/guardian(s) will be advised of the District's collection policy. The Parents/Guardians are responsible for immediate payment upon notification.

#### Collection Policy

Unpaid charges will be carried on a student’s account from year to year and will travel with the student throughout their enrollment at Keystone Oaks School District.

Students with outstanding balances at the time of their graduation may be denied the privilege of participating in graduation ceremonies and the District may refuse to release records or transcripts to educational institutions and or employers.
POLICY NO. 808.1

Upon receipt of the letter, parent(s)/guardian(s) have ten (10) business days to pay the debt or to contact the District and set up a plan for payment. If no payment is received, the negligent debt will be sent to the local Magistrate for collection, and parent(s)/guardian(s) are responsible for all court costs and fees assigned by the magistrate for the collection of monies due to the cafeteria.
